10.03 Complaint Stage

Where an alleged breach of the Collective Agreement arises, the Employee should raise the matter directly with the Supervisor and attempt to resolve the matter informally. A grievance will not be considered at Step One or higher unless it includes evidence of an attempt to resolve the matter at the Complaint Stage.

10.04 Step One

If the matter is not resolved at the Complaint Stage, the Union may, on behalf of the Employee, present a grievance to the Chair/Director of the Unit (or their equivalent), copied to the Director, Labour Relations (Academic), within twenty (20) working days from the date the matter was raised with the Supervisor. 10.08 Time Limits

- (a) The time limits stipulated in this procedure may be extended only by written mutual agreement of both Parties.

Where a member pursues a remedy under a University policy concerning sexual harassment and/or sexual violence, the time limits in this Article shall be held in abeyance.

Any member who has experienced workplace sexual harassment and/or sexual violence shall have one year to initiate a grievance from the date of the incident or in cases of a continuing matter, the last date on which the conduct occurred.

A grievance may be initiated at any time during the Policy process (save and except where the Employee has agreed to a mediated binding settlement). grievance to arbitration. The Parties will share equally the fees and expenses, if any, of the mediator.

10.11 Union Representation

The Employer acknowledges the rights and duties of Union Stewards and representatives to assist Employees in presenting their grievances in accordance with the procedures in this Article. To this effect, the Employer will recognize fifty (50) Stewards, including four (4) Chief Stewards, all of whom shall be Employees of the Employer.

Upon request from the Employer, the Union shall notify the Employer in writing of the name of each Steward, including the Chief Stewards, and the Employer shall be required to recognize the status of a Steward upon receipt of such notice.

A Steward shall obtain the permission of their Supervisor before leaving their work to investigate complaints or grievances of an urgent nature, or to meet with the Employer to deal with these matters. Such permission shall not be unreasonably withheld.

- 10.12** Grievances alleging that Employees are being required to work hours in excess of those laid out in their Assignment of Duties, in contravention of Article 14.03 (a) of this Agreement, may be presented directly at Step Two, provided that the procedures of Article 14.03 have been exhausted.

ARTICLE 11 – ARBITRATION

- 11.01** Either of the Parties may, within ten (10) working days after the grievance procedure under Article 10 has been exhausted, notify the other Party in writing of its desire to submit the grievance to arbitration. In the event the Parties are unable to agree on the appointment of an arbitrator within forty-five (45) calendar days following the referral of a grievance to arbitration, either Party may request that the Ministry of Labour appoint an arbitrator in accordance with the provisions of Section 49(4) of the *Ontario Labour Relations Act*.

The arbitrator shall hear and determine the grievance, and shall issue a decision that is final and binding upon the Parties and upon any Employee affected by it.

- 11.02** The arbitrator shall have no authority to add to, subtract from, modify, change, alter, or ignore in any way the provisions of this Agreement or any expressly written amendment or supplement thereto, or to extend its duration, or to make an award that has such effect unless the Parties have expressly agreed, in writing, to give it specific authority to do so.
- 11.03** In the event the arbitrator deals with a matter relating to discharge, suspension or disciplinary action, then the arbitrator has the authority to reinstate an Employee

with or without compensation for wages and any other benefits lost, or to make any other award they may deem just and reasonable which would be consistent with the terms of the Agreement.

- 11.04** Each Party shall bear the expenses of its representatives, participants, and witnesses, and for the preparation and presentation of its own case. The fees and expenses of the arbitrator, the hearing room, and any other expenses incidental to the arbitration hearing shall be borne equally by the Parties. The Parties agree to use University facilities whenever possible.
- 11.05** Time limits set out in this article may be extended by agreement, in writing, between the Parties.

ARTICLE 12 – DISCIPLINE, SUSPENSION & DISCHARGE

- 12.01** The Employer shall not discipline, suspend or discharge an Employee without just cause. In any grievance over disciplinary action, the burden of proof of just cause lies with the Employer.
- 12.02** An Employee has the right to be accompanied by a Union Representative at any disciplinary meeting. The Employer will inform the employee of this right prior to any disciplinary meeting. If an Employee chooses not to exercise this right, the Employee's decision shall be communicated to the Union by the Employer. An Indigenous Employee may elect to have an Indigenous Elder or Knowledge Keeper present at the meeting as a silent support person. The Employee shall be responsible for making all arrangements for such support.
- 12.03** The Dean shall be responsible for administering discipline in accordance with the provisions of this Article.
- 12.04** Any discipline against a union member must be made to the Employee in person, where practicable.
- 12.05** At least two (2) working days prior to any meeting concerning discipline, the Employer will inform the Employee and the Union, in writing, about the general purpose of the meeting, the allegations to be discussed, the time and location of the meeting, and that a representative of the Union, if readily available, may attend the meeting, should the Employee so choose.
- 12.06** When an Employee is suspended or discharged, such suspension or discharge shall be confirmed in writing to the Employee, with a copy to the Union, as soon as possible, but no later than three (3) working days, following the date of the decision.

12.07 A copy of any written reprimand will also be provided to the Employee and Union as soon as possible, but no later than three (3) working days, following the date of the decision.

12.08 Any informal discussion (such as coaching, advice, or recommendations for performance improvement) shall not be considered discipline.

12.09 Progressive Discipline

Disciplinary action shall normally be taken in accordance with the principles of progressive discipline, and be reasonable and commensurate with the seriousness of the violation.

A written disciplinary warning shall normally precede more serious disciplinary action (such as a suspension or discharge), except in the case of serious misconduct as determined by the Employer. If applicable, the written discipline shall include a description of the improvement required and identify a reasonable time in which the Employee must demonstrate the required sustained improvement in the area of concern.

Prior to the imposition of any discipline, the Employer has the right to impose a non-disciplinary suspension with pay during the period of an investigation of a matter or until the end of the current appointment, whichever comes first.

All matters arising from this Article will be administered in accordance with the University's Access to Information and Privacy Policy, as amended from time to time, and the *Freedom of Information and Protection of Privacy Act* (FIPPA).

12.10 An Employee who has been suspended or discharged may, with the support of the Union, present a grievance directly to Step Two of the grievance procedure within ten (10) working days of receipt of the written notice.

12.11 An Employee shall not be disciplined or given a negative performance evaluation for introducing supplementary materials, theoretical concepts or methods of presentation, the use of which is not inconsistent with any reasonable instructions of the Supervisor.

12.12 If any disciplinary action is rescinded, any documents related to the discipline will be removed from the Employee's employment file.

12.13 Where the Employer adopts or implements any discipline policy with respect to the members of the Bargaining Unit, copies of this policy shall be available in the departmental offices and be provided to the Union.

12.14 Nothing in this Article shall be construed in such a manner as to prevent the normal discussion between supervisors and Employees concerning standards, expectations, or performance of work.

ARTICLE 13 – APPOINTMENTS

13.01 Priority

- (a) An Employee who is registered as a full-time student in a graduate degree program and who has held a regular position in the bargaining unit for at least one term shall have, subject to satisfactory performance of the duties of the position(s) they have held, priority for appointment to available regular positions for which the Employee is qualified.

If employment specified under Article 3 is not available to an Employee for the term in which they apply, the Employee shall be fully compensated for the term and shall suffer no loss to future priority appointments.

Priority shall apply for the following periods, or until completion of the program of study, whichever occurs first, including the period of first appointment:

- Ph.D. Student, ten (10) terms normally over five (5) consecutive calendar years;
- Ph.D. Student, entering that program directly from a Bachelor's degree program ten (10) terms normally over five (5) consecutive calendar years;
- Master's Student, eight (8) and above credit programs six (6) terms normally over three (3) consecutive calendar years;
- Master's Student, in two-year programs, four (4) terms normally over five (5) consecutive terms;
- Master's Students, in one-year programs, two (2) terms of TA normally over three (3) consecutive terms.

When an Employee exhausts their priority terms, they may apply once to have their priority extended for one (1) term for Master's Students and up to two (2) terms for Ph.D. Students.

An Employee may choose to defer priority terms within the time limits for program completion as published in the Graduate Calendar, as amended.

If an Employee defers a priority term as defined in 13.01 (b), employment as per Article 3 will be made available in a Summer term.

A Ph.D. student shall neither be credited nor charged with any period of service accumulated while registered in a Master's degree program.

A Master's or Ph.D. student shall neither be credited nor charged with, nor limited by any period of service accumulated while registered in an Undergraduate program at Carleton University.

- (b) Where a member of this bargaining unit, with a priority appointment, cannot accept an assistantship pursuant to Article 13.01 (a) because:
 - (i) the student is off campus performing academic research or on an academic exchange; or
 - (ii) the student is on an approved leave from duties without pay in accordance with Article 22; or
 - (iii) the student has received employment or a position as a Contract Instructor at Carleton pursuant to Article 3.02;

then, with the approval of the Employer, the number of consecutive terms or calendar years as set out in Article 13.01 (a) shall be extended by the number of terms the student is off campus, up to a maximum of three (3) consecutive terms.

- (c) Where an Employee with a priority appointment declines an appointment, or fails to respond to an assignment as outlined in Article 13.04 (f) during Fall, Winter, or Summer terms pursuant to Article 13.01 (a), and has not been granted a leave from duties without pay in accordance with Article 22 by the Employer, nor is exercising their rights under Article 13.04 (h) (ii), the priority for reappointment as set out in Article 13.01 (a) shall be forfeit and the Employee shall be deemed to have resigned their employment for that term.
- (d) For the Fall, Winter, or Summer terms, where there are insufficient regular positions available for all eligible Employees with priority as per Article 13.01 (a), and where two (2) or more competing applicants with priority have relatively equal qualifications to perform the duties of the available regular position(s), seniority shall be the determining factor.
- (e) For the purposes of paragraph (d) above, seniority for all eligible Employees with priority as defined per Article 13.01 (a) shall mean the number of terms in which the Employee held a regular position with the Employer.

- (f) Where a qualified international student with priority for reappointment applies for a summer position, they shall be appointed if their qualifications are equal to the best available other candidate with priority for reappointment.
- (g) Where an international student is appointed pursuant to (f) above, the appointment(s) shall not count towards the total number of positions for which the Employee has priority for reappointment, and the Employee shall have priority, subject to the total limits in Article 13.01 (a), for available positions in the subsequent Fall and Winter terms.
- (h) An applicant for an initial appointment who is in the second or subsequent year of their degree program shall waive priority for reappointment under Article 13.01 (a) for a period of up to and including the period they were registered in the degree program prior to the commencement of the appointment.
- (i) An Employee who switches programs shall have their priority determined through the new offer of admission.
- (j) Article 13.01 (a) shall not apply to an Employee hired on a temporary basis to replace an Employee on leave or an Employee who cannot fulfill their duties by providing teaching assistance in accordance with Article 22. Any Employee hired on a temporary basis for replacement purposes shall not have priority for appointment unless they have been requested to work as a temporary replacement for more than 130 hours. Employees hired as temporary replacements for more than 130 hours shall have priority on a prorated basis subject to the overall limits set in Article 13.01 (a). For the purposes of this Article, prorated priority shall mean that such Employees shall not have priority for the period they were registered in the degree program prior to the commencement of the appointment. Hours worked as a temporary replacement Employee shall be included in the calculation of priority eligibility.
- (k) Except in situations outlined in Article 13.01 (f), where an Employee is appointed to a third position as a teaching assistant in one academic year, the third appointment shall count towards the total number of positions for which the Employee has priority for reappointment. The third appointment will be deducted from the total number of positions for which the Employee has priority at the end of their priority period eligibility and the Employee shall have priority, subject to the total limits in Article 13.01 (a) for available positions in the subsequent terms.
- (l) An Employee with priority for reappointment pursuant to Article 13.01 will be deemed to have applied for reappointment to the extent of their priority for the next academic year.

- (m) Priority or out-of-priority assignments shall not be cancelled or deferred as a result of the Employee receiving any internal or external funding unless requested by the Employee or if required by the funding agreement. When TAs are cancelled, the Employee shall be advised that they can contact the Union.

13.02 Outside Priority

- (a) An Outside Priority Teaching Assistant (TA) is defined as a TA who does not hold a Priority contract from the Employer.
- (b) Outside Priority students must apply to be considered for any relevant vacant TA positions that may become available once the Priority allocations per Article 13.01 are concluded for that term.
- (c) Graduate students who are presented with an Offer of Admission from the University that does not include priority appointment to a TA position, shall be notified of their rights to apply under Article 13.03, in their offer and through Employer communications, including the deadline to apply and application process.
- (d) Should incoming graduate students referred to in (c) above become Employees and work one hundred and thirty (130) hours in their first academic year, they will then be deemed to have Priority for the remaining duration of their program time as outlined in Article 13.01 (a)-(c), unless they are hired on a temporary basis as a replacement under Article 13.01 (j).
- (e) TA allocators or their delegate are responsible for determining the qualified applicants from the Outside Priority pool of applicants.
- (f) Where two (2) or more applicants possess relatively equal qualifications for a position, seniority as defined in Article 13.01 (e) shall be the determining factor.
- (g) Where two (2) or more qualified applicants possess relatively equal qualifications for a position, a TA who is returning from a formally granted leave from duties for off-campus research or academic exchange (as per Article 13.01 (b) (i) of this Collective Agreement) will be given preference.
- (h) Where two (2) or more qualified applicants possess relatively equal qualifications and equal seniority, preference will be given to an applicant holding an international work or student visa.

- (i) Students who have concluded their original employment under their Priority allotment per Article 13.01 will not regain Priority status and will be required to apply for Outside Priority positions.

13.03 Application Process for both Priority and Outside Priority TA positions

To initiate the application process, all graduate or undergraduate students with Priority or Outside Priority per Articles 13.01 and 13.02 must indicate their interest in employment no later than August 15 (Fall/Winter term), December 15 (Winter term) and April 15 (Spring/Summer term). Each applicant, regardless of whether they have Priority or are Outside Priority, will be required to fill out the requisite forms. It is understood that only qualified applicants will be considered for department based positions.

The application form shall include the following:

- (a) Selection of the term(s) and department(s) for which the student is applying;
- (b) Selection of application for either a specific course or general employment;
- (c) Current and previous degrees;
- (d) Description of previous TA experience;
- (e) Description of other relevant work experience;
- (f) Selection of skills and areas of interest related to TA work.

13.04 Position Assignment Process

- (a) A Department, Faculty, or Supervisor may establish reasonable prerequisites that an Employee must meet in order to work in a particular course or job and determine whether those prerequisites have been met before the Employee is deemed eligible to work in the course.
- (b) Qualified applicants who are full-time Carleton students will be given preference over applicants who are not full-time students for Teaching Assistant, Research Assistant, and Service Assistant positions. Notwithstanding the above, the Parties acknowledge that there may be occasions where hiring must be completed on an emergency basis, and where there may be insufficient time to search for full-time students.

- (c) It is understood that, for the purposes of this Article, Carleton students include prospective students who have been extended an Offer of Admission to a degree program at Carleton with priority.
- (d) For the purposes of this Article, qualifications shall include competence, experience and ability to perform the duties of the position. Academic standing shall not be used as the sole criterion for selection of candidates for positions.
- (e) Whereas unpredictable fluctuations in enrolment preclude the establishment in advance of the precise number of positions to be filled, successful applicants will be advised in writing of their initial appointments as early as possible. The Employer shall normally advise incoming TAs of their appointment at least five (5) working days prior to the start of the term of work.
- (f) TA assignment offers shall be accepted or declined within six (6) working days of the date of the offer. Failure to accept an assignment offer by the above deadline without reasonable cause will constitute declining the position for that term.
- (g) TAs shall be given their Assignment of Duties (AOD) prior to the start of the duties or by the end of the second week of class, whichever comes first. Where acceptance of a TA assignment occurs more than ten (10) working days after the start of term, the Assignment of Duties will be provided within five (5) working days.
- (h) **Assignment Process: Priority**
 - (i) The Employer shall endeavour to accommodate preferences of applicants with respect to the type of position and, for teaching assistants, the type of courses to be assigned. At least three (3) weeks prior to the start of the Fall, Winter, and Summer Terms, the Employer or their delegate will remind potential Priority and/or Priority Employees that they need to indicate their course preferences, including their top three (3) course assignments.
 - (ii) After the initial assignment has been made, if an Employee is not satisfied with their assignment, they may, within five (5) working days of notification of the assignment, request a meeting with the department head or their delegate to discuss the matter. An Employee may be accompanied by a Union representative, if readily available, at each meeting with the department head or their delegate. This provision is not applicable where Priority Employees fail to indicate their course preferences, including their top three (3) course assignments per 13.04 (h) (i).

- (iii) Subject to operational requirements, the Employer will endeavour to accommodate a request from an Employee not to be assigned to a work Supervisor who is also the student's principal thesis or honours research paper Supervisor. Except in cases of students in academic units that customarily allocate Employees to other units, the Employer is not required to endeavour to provide an appointment in a unit other than the unit to which the Employee is initially assigned.
- (i) **Assignment Process: Outside Priority**
 - (i) Once the Priority assignment process is completed, a roster of vacant teaching assistant positions will be determined by TA allocators or their delegate.
 - (ii) Departments which normally establish positions having an average of five (5) hours or less of work per week shall continue their practice of equitably distributing such positions among available qualified applicants.

13.05 Report on Hiring Process:

A detailed hiring report for each department will be sent electronically to the Union no later than October 15, February 15, June 15, and August 15 for the Fall, Winter, and Summer Terms for all positions awarded beyond the priority pool for appointments.

13.06 Redundancy of TA Positions:

- (a) Where an Employee's position becomes redundant during the course of the Fall, Winter, and Summer Terms, the Employer may assign other duties to the Employee and the Union shall be notified within ten (10) working days. It is understood that such duties may be unrelated to the duties of the redundant position. The Employer shall endeavour to ensure that the duties are consistent with the Employee's previous service with the Employer. The Employee's AOD will be updated accordingly and a meeting between the Supervisor and the TA shall occur.
- (b) If the Employee refuses to accept such an assignment, they shall be deemed to have resigned their position for that academic term but will retain priority for reappointment subject to the overall limits specified in Article 13.01.
- (c) If the Employer is unable to assign other duties, the Employee may be laid off and the Union shall be notified within ten (10) working days. A laid off

Employee may elect to displace an Employee with less seniority, provided that the Employee is qualified to perform the duties of the position. The Employee shall be informed of their right to do so. If a laid off Employee elects to displace another Employee, the Union shall be notified within ten (10) working days.

- (d) Employees laid off in accordance with this Article shall have their priority for reappointment extended by the number of terms for which they are laid off.

13.07 (a) Notwithstanding any other provisions of this Collective Agreement, the Employer may appoint students to student consultant positions pursuant to the Ontario Work Study program, the Student Education/Experience Development program, and any other government sponsored student employment programs that may from time to time be created. The appointment procedures and criteria required by these programs shall be deemed to comply with the provisions of this Collective Agreement.

- (b) Student consultants hired pursuant to paragraph (a) above are subject to all other terms of the Collective Agreement as provided in Appendix A.

13.08 The Employer shall not refuse to reappoint an applicant on the grounds of unsatisfactory performance of the duties of the position the applicant has held, unless the basis for the finding of unsatisfactory performance has been communicated to the Employee in accordance with Article 18.03.

ARTICLE 14 – HOURS OF WORK

14.01 A regular graduate position is one that requires two hundred sixty (260) hours for the full academic year, normally one hundred thirty (130) hours per term. A regular graduate position shall not normally exceed an average of more than ten (10) hours per week.

Workloads equivalent to those of a regular position may be compressed into a shorter time period, or expanded into a longer time period not to exceed twelve (12) months, according to the needs of individual departments, provided that the resulting workload does not average more than ten (10) hours per week over the term of the appointment. Where the workload for the full academic year is compressed into one term, it shall decrement the priority period of the Employee by the equivalent of two (2) terms. The balance of the priority period, if any, available to the Employee shall apply in the next academic year.

Pedagogical Training: All Employees may access an additional five (5) hours of pedagogical training during the academic session.

Payment for pedagogical training shall be conditional upon the Employee completing training provided by the Employer, at no cost to the Employee. This training will be paid at the regular hourly rate, as described in Article 23.01.

Compliance Training: All Employees covered by this Collective Agreement will be required to successfully complete compliance training as a condition of employment as mandated by Ontario legislation. This training shall be completed by October 15th of the Fall term; by February 15th of the Winter term; and by June 1st of the Summer term. Upon completion of this compliance training the Employee will be compensated five (5) hours pay as per Article 23.03.

Such compliance training currently includes but is not limited to:

- Respect and Safety Training
- Accessibility for Ontarians with Disabilities Act (AODA) training
- Worker Health & Safety Awareness Training

The Employer reserves the right to amend from time to time, and in accordance with legislative requirements, the above list of compliance training modules. The Union will receive written notification of such amendments at least six (6) weeks prior to their implementation. The University will provide each Employee with documentation of completion and remuneration of all training.

- 14.02 (a)** Workloads less than those of regular positions may be arranged, in accordance with departmental requirements, and will be paid for on a prorated basis.

The Parties agree that CUPE 4600 shall be represented at the orientation session at the beginning of each September.

The University shall provide the Union with an annual report on June 1 (or next contiguous working day) on the Employees who have accessed pedagogical training and the number of hours accessed.

- (b) A graduate student employed in a position other than a regular position who works sixty-five (65) hours or more in a term shall be deemed to have held a regular position for the purposes of Article 13.04.

- 14.03 (a)** The hours of work and length of appointment for each position shall be specified at the time of appointment. No Supervisor shall request that an Employee work, and no Employee shall work, hours in excess of those specified without the express written authorization of the department head. The Employee shall be paid at the hourly rate stipulated in Article 23.01 for any excess hours worked in accordance with this Article.

- (b) In accordance with Article 14.04, prior to the beginning of the specific assignment, the Supervisor shall discuss the assigned duties with the Employee(s), in as much detail as possible, indicating where possible the allocations of time for the various duties assigned and the number of students assigned to the TA for the assignment. The duties, and their allocated times where possible, an estimated weekly breakdown of the hours, and the number of students assigned to the Employee(s) shall be confirmed in writing to the Employee(s), with a copy to the department head and the Union.

The JCAA shall review the assignment of duties form and its distribution. If the form is modified, the revised form shall be appended to the Collective Agreement.

A signed form produced pursuant to this Article does not constitute an individual contract of employment.

- (c) At or about the mid-point of the term, or period of work, the Employee and Supervisor shall discuss the progress of the course, assess whether the remaining duties can be completed within the hours allocated and provide the Employee the total number of students assigned to them. A record documenting the progress of the course as discussed at the mid-term meeting between the Employee(s) and Supervisor will be kept.
- (d) If, during the discussion described in 14.03 (c) or at any other point during the term of the appointment, the Supervisor changes the duties or the allocation of hours for any duties, such changes shall be discussed with the Employee and confirmed in writing, with a copy to the department head and the Union. The Supervisor shall provide written notice of any changes as far in advance as possible to provide adequate time for preparation. Notice of changes shall normally be provided at least two (2) weeks prior to the effective date of the change. Every effort shall be made to avoid changes to duties within two weeks of the last day of classes.
- (e) Should an Employee have any concerns about the allocations of time for any of the duties assigned, they shall fill out a form requesting a meeting with their Supervisor. The form is attached as Appendix B of the Collective Agreement, and may be copied from the Agreement or printed from the Agreement on the University's website. If the Employee gives written notice to the Supervisor that they have any concerns about the allocations of time for any of the duties assigned, the Employee and Supervisor shall meet within five (5) working days of the notice. If the Employee gives written notice to the department head that they are not satisfied with the result of the meeting, the Employee and the department head or their delegate shall meet within five (5) working days of the notice. The department head or their delegate shall have five (5) working days from

the meeting to resolve the matter. If the Employee gives written notice that they are not satisfied with the result of the meeting, the Employee and the Dean of the appropriate faculty or their delegate shall meet within ten (10) working days of the notice. The Dean shall have five (5) working days to resolve the matter.

- (f) Nothing in this Article shall be construed to restrict the exclusive right of the Employer to assign duties or otherwise direct the workforce in accordance with Article 2 of this Agreement.
- (g) Where an Employee is found to have been assigned duties that, if continued to the end of the term of the appointment, would exceed the hours provided for in the appointment, the Employer shall resolve the problem in consultation with the Employee, by either reducing the remaining assigned duties or with written permission of the department and the Employee, allocate additional hours for which the Employee will be compensated at the hourly wage established in Article 23.01 so as to account for all duties assigned to the Employee. An Employee may be accompanied by a Union representative, if readily available, at any meeting held pursuant to this Article.

14.04 All assigned duties of an Employee shall be included in the calculation of required hours. Such duties may include, but are not limited to: reading lecture materials and assigned readings, teaching, demonstrating, conducting seminars, leading discussions, supervising laboratories, preparing classes, attending lectures, training on new technology; WHMIS training, marking students' work, providing feedback to students, consulting with students, holding of assigned office hours, setting up tests, examinations and lab sets, setting up of experiments, preparing written or audio-visual materials, conducting field trips, proctoring of examinations, compiling and uploading grades, conferring with the Supervisor as required, providing research assistance, providing other academic support assistance, monitoring and animating class discussion on educational technologies, the internet, or on email, and other related duties.

In allocating duties and distributing the workload to TAs who will perform duties related to the instruction of courses, Supervisors will take into account the time required to prepare for in class/laboratory time, office hours, and other reasonable interaction with students. All contract hours must be accounted for in the AOD (e.g., 65, 130).

14.05 Subject to operational requirements, the Employer shall endeavour to minimize excessive fluctuations in the hours of work of a position. Normally an Employee shall not be required to work in excess of fifteen (15) hours in any calendar week, except in the case of a position compressed into a shorter time period in accordance with Article 14.01. Anticipated excessive fluctuations shall be clearly identified at the time of appointment.

14.06 Employees shall not be required to grade and correct papers or examinations during a period of five (5) calendar days immediately prior to an examination, thesis defense or honours research paper defense (or equivalent), or during a period of three (3) calendar days immediately prior to any other course requirement in their own degree program.

ARTICLE 15 – WORKING CONDITIONS

15.01 Subject to Article 14.3 (e), when a TA raises concerns in writing about their hours or working conditions pertaining to a specific course, the number of students and Teaching Assistants assigned to that course over the previous five (5) terms in which the course was offered will be taken into consideration by the Employer.

15.02 When the Employer introduces new rules or regulations concerning Employee conduct on University premises or during working hours, the Employer shall consult with the Union. The Union will be meaningfully consulted normally sixty (60) days prior to the implementation of any changes contemplated by the Employer that would affect the working conditions or job duties of bargaining unit members as laid out in this Article. Such consultation shall occur in accordance with Article 7.03. In an emergency situation, the Union will be notified as soon as possible. The University shall transmit copies of new University Policies electronically to the Union and Employees.

15.03 If the Employer establishes a formal Policy or direction to the level of Teaching Assistant support per number of students in any courses, a copy of this Policy or direction will be provided to the Union.

15.04 (a) In order to encourage the professional development of Employees and to improve the quality of education for students, the Employer shall sponsor in the beginning of each September, an orientation session at which the Union may be represented, on pedagogical or technical skills relevant to the assigned duties of the Employees. A graduate student appointed for the first time to a regular position of sixty-five (65) hours or more in one term, shall be notified in writing, prior to the commencement of the position, that they are required to attend the orientation in September. An undergraduate student appointed for the first time to any TA position will be invited to attend the TA orientation in September subject to available pedagogical training hours per Article 14.01. Attendance at subsequent September orientations shall be voluntary unless the Employees are required in writing to attend, in which case the time spent at such sessions shall be deemed to be time worked. All Employees will be invited to attend TA orientation after a new Collective Agreement has been ratified subject to available pedagogical training hours per Article 14.01.

- (b) The Parties will periodically review the adequacy of Pedagogical training programs and the TA Orientation via the JCAA.
- (c) The Employer shall provide the Union with a record of attendance of all TAs at the training sessions held in the Fall and Winter terms prior to the conclusion of the Winter term.

15.05 Employee Rights

(a) Academic Freedom

- (i) Employees who are involved in some aspect of teaching may, at any time during the term of their appointment, comment in writing on the content, structure, texts and teaching methods used in the course. Such comments may be presented to the Supervisor, Department Head, or Dean, who shall, upon request of the Employee, meet to discuss the matter within ten (10) working days of receipt of the written comment. If the Employee is not satisfied with the result of these discussions, the matter may be referred to the Parties for discussion at the JCAA.
- (ii) No Employee shall suffer reprisal for exercising the right to comment in accordance with Clause 15.05 (a) (i).
- (iii) Academic freedom includes the freedom to examine and question, teach and learn, research and invigilate as well as disseminate opinion(s) and speculate without deference to prescribed doctrine on questions, ideas, principles, concepts, and issues related to pedagogy and research.
- (iv) The Employer accepts its responsibilities to Employees in upholding their rights to academic freedom in performance of their duties as long as said behaviours have academic substance, are pertinent to each work assignment, and are subject to the reasonable direction of and agreement with the Supervisor. In the exercise of academic freedom, Employees shall discharge their responsibilities in accordance with the lawful expectations of the Employer and, in teaching functions, with the needs of the students.
- (v) The claim of academic freedom shall not excuse Employees from meeting their duties and responsibilities as set out in the Collective Agreement, their individual contracts, and the instructions of their Supervisor.
- (vi) When the objectives, content and method of delivery are prescribed by the Supervisor in the work assignment, the Employee shall fulfill

such assignment responsibly and fully. When work assignments permit Employees to have a wider degree of latitude than is possible in more fully prescribed assignments, the Employee may develop and deliver such assignments provided the content and structure have been approved by the Supervisor.

(b) **Marking Deadlines**

Employees shall not be required to return marked assignments or otherwise complete marking in less than five (5) working days, from the date they are given marking instructions and access to the material to be marked.

15.06 Employee Responsibilities

All Employees shall have the following responsibilities:

- (a) Employees shall teach conscientiously and competently the material assigned to them, in accordance with course outlines which may be provided by their department.
- (b) Employees shall work in cooperation with other Employees, supervisors and course coordinators.
- (c) Employees shall deal ethically and fairly with students, foster a free exchange of ideas, avoid discrimination, respect the principles of confidentiality in a manner consistent with their instructional role, and provide their students with information regarding their instructional and evaluation methods.
- (d) Employees shall not normally miss, cancel or terminate scheduled instruction except in the case of sudden illness or emergency and even in such cases, shall make every effort to have their supervisor and students notified. In other circumstances, subject to the approval of the supervisor, arrangements for re-scheduling or for a substitute must be made in advance of missing scheduled instruction. Instruction missed shall be rescheduled if possible, with adequate notice to the students.
- (e) Employees shall comply with established procedures and deadlines as may be necessary for the well-ordered operation of the University.
- (f) Employees shall inform the students and department of the times when and/or the methods by which they will normally be available for consultation. The times and/or methods shall be such as are likely to be convenient for the students and adequate for the numbers of students involved.

15.07 All present terms and conditions of employment which are directly related to and derive from the employment relationship shall continue, except as modified by this Agreement.

15.08 Technological Change

- (a) No Employee shall suffer a reduction of their normal earnings as a result of any technological change introduced during any work assignment.
- (b) The Employer shall notify the Union and affected Employees at least sixty (60) days prior to the implementation of significant changes to methods of course delivery arising out of technological change.

15.10 Impact of Technology

The Parties agree that any technological change contemplated by Carleton University which either Party has a reasonable expectation will significantly impact either the working conditions of CUPE 4600 members or the overall teaching environment at Carleton University, will be brought to the JCAA for meaningful consultation with the Union normally sixty (60) days prior to being implemented.

15.11 Intellectual Property

The Parties agree that intellectual property rights of Employees engaged in research that is part of their academic program are not governed by this Collective Agreement. Employees who, in their bargaining unit positions, are engaged in other research that is not part of their academic program and which contributes to publication or the development of commercializable intellectual property shall have their work attributed, and be entitled to property rights proportionate to their contribution.

ARTICLE 16 – RESOURCES FOR EMPLOYEES

16.01 Employees shall be provided in a timely manner the following services, spaces, resources, and items for use during employment:

- (a) Appropriate secured space where “appropriate” depends on or is specific/unique to the Department and course requirements and “secured” means a moderate level of security.
- (b) Access to a telephone and the internet to conduct University business;
- (c) Relevant materials required to perform assigned duties;

- (d) Where an Employee is required to use audio or visual materials as part of their assigned duties, such materials shall be provided at no cost to the Employee;
- (e) Other facilities, services, and equipment as are required for the performance of their duties as Employees.

16.02 No teaching assistant shall be required to pay for the use of photocopying or printing facilities for copying or printing material required by the Supervisor for the Employee's work necessary for the fulfillment of their employment duties, provided that the Employee and the Supervisor comply with the applicable departmental administrative procedures.

16.03 Provisions shall be made for members of the bargaining unit to receive mail in the Office of the Department/School/Faculty in which they are registered and/or employed.

16.04 With reasonable advance notice to the department, Employees requesting a private space for medical, nursing, or pumping needs shall be provided with a reasonable space for such needs.

ARTICLE 17 – HEALTH AND SAFETY

17.01 (a) The Employer shall comply with the Ontario *Occupational Health and Safety Act, R.S.O. 1990, c.O.1* as amended from time to time.

- (b) The Employer and the Union shall cooperate in establishing rules and practices that promote the safety and health of Employees.

Matters of concern related to the health and safety of Employees may be brought to the JCAA or the Joint Health and Safety Committee (JHSC) for discussion. The Parties recognize the Joint Health and Safety Committee (JHSC) is the appropriate forum for workplace health and safety concerns pursuant to the JHSC terms of reference and the *Occupational Health and Safety Act*.

- (c) No Employee shall be required to act, nor shall any Employee act in the course of their employment, in a manner that constitutes a health or safety hazard.

APPENDIX B

To be completed by the Employee:

Name:

Department of Work:

To: (Immediate Supervisor):

Based on my job description and my experience to date with the job, I have concerns; about the following aspects of my assignment as outlined below (please be as specific as possible):

I therefore request a meeting with you within five (5) working days.

Yours sincerely,

Signature

Date

Rationale:

The Union proposes a means by which our members may address conditions of overwork through a formal request that outlines the steps to take in the event of concerns about such conditions. This is a more efficient process than the current recourses which are described in Article 14.03 and this will benefit all parties involved, as it reduces the potential for conflict, avoids grievance procedures and contributes to a healthy working relationship between the Employer and the Union.
