#### **Responsibilities:**

- Analysing trends in fabrics and apparel to create future collections.
- Develop CAD drawings and Technical Garment Packages
- Work with suppliers overseeing product sampling and proof of concepts.
- Attendance of meetings with suppliers and factories
- Assist in production and will report directly to company owner and founder.
- Manage Lab Dips, trims, and Pattern Strike offs.

#### **Requirements:**

- Creative, ambitious, self-motivated and target oriented.
- Strong prioritizing, time management, and organizational skills.
- Strong leadership and communication skills.
- Minimum 2 years of work experience in a related position.
- Intermediate to advanced knowledge of Adobe Photoshop, Illustrator, In Design
- Intermediate knowledge of PLM Software

#### **Assets**

- Bilingual French/English.
- Intermediate to advanced skills in photography and filming.
- Extensive knowledge of the outdoor activewear and paddling / surf industry
- Strong understanding of women's swimwear and design

#### **Why Should You Apply?**

- Be part of a creative, dynamic, and fun team working environment.
- Able to contribute to multiple areas of garment design to shape the future of outdoor gear.
- Help lead and implement new initiatives in Level Six's community involvement through our Youth Scholarship fund, 1% for watershed protection, green packaging initiative.
- Standard 40-hour work week
- 2 weeks paid vacation, benefit packages available
- Opportunities for professional development, internal growth, and travel.
