Design Talk and Exhibition
⸻ on Interactive Products & IoT(Internet of Thing) Systems ⸻

Design Talk Jan. 15(wed), 13:00
Gallery (4F) at Azrieli Pavillion ⸻

⸻ Two design talks will deliver how to design an interactive product system. **Talk 1** is about diverse patterns of interactive products in terms of the relationship between object and human users, and **Talk 2** will address important aspects of designing IoT products for better UX (User eXperience). ⸻ **13:00 Talk 1. UX driven Product Design.** Speaker Prof. Eui Chul Jung, *Seoul National University*

⸻ **14:00 Talk 2. UX design of IoT products.** Speaker Prof. Jung Min Choi, *Seoul National University of Sience and Technology* ⸻

Design Exhibition ⸻
When Jan. 15(wed) ~ 17(fri), 2020
Location Gallery(4F) at Azrieli Pavillion

⸻ This exhibition presents the examples of the interactive design projects of Design Seminar 11 class in 2019 Fall taught by Prof. Eui Chul Jung in Seoul National University. **Nine selected students' design works** present how interaction design integrates objects and people in their everyday life situations. ⸻

Opening ⸻ 12:30pm, Jan. 15(wed)

1. kam (blinK cAM) Taeil Lee **2. Gate Butler** Sehun Oh **3. Moving Cradle** Youngjun Byun **4. LET'S STOP AIDS** Huile Gao **5. Soulmate** Meile Le **6. Murmuring Dandelion** Minji Lee **7. BLEnk** Min Kyung Kim **8. Puddle** Jeongcheol Heo **9. Ripple** Junhoo Yang ⸻
