

Contract Offer

Who we are:

Founded in 2017, Oven Brothers Ltd. is a young, dynamic and energetic outdoor appliance manufacturing company that is rapidly expanding. We are located in Ottawa, we love our community and we want to employ local talent.

What we are looking for:

Oven Brothers Ltd. is looking for an Industrial Designer/Student to help with current and new product designs. This offer is for a contract position that could develop into a long term commitment.

A perfect candidate will have experience and knowledge of components/product design manufactured with steel, aluminum and wood using CAD software such as Solidworks. The successful candidate would have the following attributes:

- Industrial Design graduate or student
- CAD design experience
- Strong ability to work in a team
- Strong time management skills
- Great communication skills
- Windows OS and MS Office skills
- Comfortable working with established designs/brands
- Possess between 1-3 years of experience
- Due to COVID-19, have the ability to work from home

What we offer:

A contract to be negotiated for an established scope of work based on experience and skills. Further work as we develop more products and bring them to market. Plus we love people and pizza, so what else could you possibly want?
