

Part-time Summer SID Work Contract:

SID student to help review and update course materials and content. Timeframe is the end of June/July/Aug 2021 and the position is remote/virtual. This is only part time, timing is flexible but expect regular interval meetings. This could be in addition to a student's current summer internship depending on its demands. Note: position is dependent on funding approval (max is 130hrs at \$15/hr).

Student should have the following:

- Outstanding understanding of the IDES 4101 and 4102 Mass Production course and interest in its contents
- Be organized and able to track and organize information
- Must have access to CU Microsoft Teams.
- Interest in mapping/visualizing content, flows, synthesizing information and conceptualizing update options.
- Have an interest in environmental sustainability.
- Capability with Microsoft Office products, MIRO, Adobe Suite, basic video creation - for information creation/capture.

Please contact Rob Watters with a paragraph stating interest, provide an indication of your other summer commitments, as well as your preferred contact information for corresponding. Please indicate interest prior to June 23th. Thanks! RobertWatters@cunet.carleton.ca
