NEOMA Business School Housing Service

Through its housing service, your school has set up a platform, edited by Studapart, enabling you to find accommodation more easily. Numerous offers from private owners, student residences and real estate agencies around the campus, are grouped on your school’s housing platform and updated daily.

Students can make booking requests directly on the platform with their online rental application. They benefit from the help of a support team, available 6 days a week to answer all your questions!

Each NEOMA BS student can access to offers by connecting with his school login Credentials. These login credentials are provided to each student when he joins one of NEOMA’s programs.
