Study Permit Renewal Guide

You must submit your application for a new study permit before your current study permit expires.

This guide will help you to renew your study permit so you can continue to study in Canada without interruption. Carleton students may visit the ISSO for personal advice and support.

Study Permit Renewal Checklist

Part One: Plan Ahead

1. Know when your study permit expires.
2. Know when your passport expires.
3. If you need a new passport, learn where and how where to get it, and how long it will take. You must get your new passport before applying for the study permit.
4. Learn the current processing time for study permit renewals at this link.
5. Make a note about when you should start working on your application.
6. Set yourself a deadline for submitting the application.

As a guideline, double the current processing time and submit your application that much time before your study permit expires. You might apply even earlier if you plan to travel and will also need a new visa before leaving Canada. Applying for the visa is a second step, after you get your new study permit.
Part Two: Apply Online for a Study Permit

**Step 1: Gather your documents. Scan them or take photos.**

You need these documents:

1. Carleton documents that show:
   - You are currently enrolled, and
   - The date when you will complete your program of study

   This will include:
   - A current Certificate of Enrolment, which is available from Carleton Central
   - Your Admissions letter that shows length of your program. It is titled *Student Information for a Study Permit.*

   If you won’t finish your program within the time indicated on your Admissions letter, you will need a customized Statement of Student Progress. Visit the ISSO.

2. Your Passport
   - Include all the pages that have information, visas or stamps

3. Financial documents that show enough money is available for the next year of study (tuition and living expenses), *for example:*
   - Letter from your parent or another person who supports your education and 3-4 months of their bank statements (or an employment letter, or other proof of funds)
   - Scholarship letter
   - Offer letter showing TA or RA income
   - Proof of prepayment of tuition

   *Here is a link to a list of various documents that may be accepted.*

4. Photo of you taken within the last 6 months. Check the technical specifications in the application information.

   Some students will include these documents as well:

5. Medical exam receipt — if you had an immigration medical exam within the last twelve months

6. Co-op letter — if you are applying for a co-op work permit in addition to a study permit

**Step 2: Sign in and set up your online application**

1. Go to this link to begin an application. Use your Canadian bank sign-in information or a GC Key (Government of Canada account).

2. Look for “Start an Application, then “Apply to Come to Canada”. Scroll past the references to a Personal Reference Code. Choose “Visitor visa, study or work permit”.

3. Answer the eligibility questionnaire (see the next section for tips).

After you finish the questionnaire, the system will create your document list. Once you start, you have 60 days to finish the application. The system automatically saves your work.
Step 3: Complete application form IMM 5709
Download IMM 5709 (the PDF application form) from the document list to your computer.
- Open the file with Adobe Acrobat Reader.
- Fill in the information on your computer. See Answers to Selected Questions on Application Form IMM 5709.
- When the form is complete, click the “Validate” button, then save the document on your computer.
Upload the form to your application.

Step 4: Upload your documents to your application.
- Each line accepts only one document. Sometimes you have to merge two or more documents before you upload them. Here is a link to the SmallPDF website, which can help you to merge multiple PDFs. On a Mac, you can drag and drop Preview thumbnail images to combine PDFs.
- One line of the application is called “Letter of Acceptance”. Upload all your Carleton documents there.

Two application items are identified as optional:
- Schedule 1 IMM 5257. If you answered “No” to the background questions on IMM 5709, you probably don’t need this form.
- Client Information – This is where you upload your letter of explanation and any additional documents.

Step 5: Pay the fee and submit your application
When all your documents are uploaded, continue to sign the application electronically, pay the $150 fee with a debit or credit card, and submit the application.

Step 6: Watch your email for messages from IRCC
If you need to do biometrics, an instruction letter will be sent to your account. You must take this letter to a biometrics collection centre, together with your passport. The closest collection centre to Carleton University is the Service Canada Centre and Passport Office at 885 Meadowlands Drive East.

Sometimes immigration officers ask you to provide additional documents. You must reply to them promptly or you will be refused. You will be notified by email when the decision is made. This notice includes the number of your new study permit and its expiry date. The actual study permit will be mailed to you.

Note about Temporary Resident Visas
If you need a TRV (also called an entry visa), then you can apply for it after your new study permit arrives in the mail. The TRV application is usually processed much faster than the study permit, when you apply in Canada.

There won’t be a problem if your TRV expires while you are waiting for your study permit, as long as you remain in Canada. If you have to leave Canada, you won’t be allowed to return unless you have a valid TRV.
Eligibility Questionnaire

Online applications begin with a questionnaire. Your answers tell the system which forms and documents to include in your application list.

This is the simplest version of the questionnaire for study permit renewal. Depending on your answers to some questions (for example, those about family members), you may see additional questions.

Questionnaire Part One
Q. What would you like to do in Canada?
A. Study

Q. How long are you planning to stay in Canada?
A. Temporarily – more than 6 months

Q. Select the Code that matches the one on your passport
A. [The country that issued your passport]

Q. What is your current country of residence?
A. Canada

Q. Do you have a family member who is a Canadian citizen or permanent resident and is 18 years or older?
A. [Yes or No]

Q. What is your date of birth? – day, month, year

Click “Continue” beside Study Permit. If you need a new visa, you can apply for it after you get your new study permit.

Questionnaire Part Two

Q. Have you lived in a designated country or territory for more than six months in the last year?
A [Yes or No.] Designated countries are those where there is a risk of contracting a dangerous disease. Here is a link to the list of designated countries. If you have been in Canada for more than 6 months, the answer is No.

Q. Do you want to submit an application for a family member?
A [Yes or No]

Q. In the past 10 years, have you given your fingerprints and photo (biometrics) for an application to come to Canada?

Q. Are you giving someone access to your application?
A No

Q. There are fees associated with this application. Will you be paying your fees or are you fee exempt?
A [Yes or No] For most students, the answer should be Yes. Refugee claimants don’t pay a fee.

Q. Are you able to make a digital copy of your documents with a scanner or camera?
A Yes

Q. Will you be paying your application fees online?
A Yes
