## REQUIRED APPLICATION DOCUMENTS

- 1 Letter of Commitment**, signed by the applicant student.
- ID size **picture of the applicant student**, recent and in color.
- Passport photocopy** of the student, which must be **valid** throughout the entire stay in Chile.
- Academic records** of the applicant student.
- Motivation letter**, one page long. If the student is applying for a Spanish-taught course, then the letter must be written in Spanish.
- Language certificate**, Spanish and/or English, depending on the selected courses (only if the language is not native).
- Vaccination certificates**: depending on the School applied to (mostly for **health majors**).

All these documents **must be submitted** in the application form.

## ADDITIONAL REQUIRED DOCUMENTS

### \* HEALTH INSURANCE

Every student who comes to UANDES for an academic exchange must purchase a health insurance with international coverage valid throughout the entire stay in Chile and send a copy to [incoming@uandes.cl](mailto:incoming@uandes.cl).

### \* STUDENT VISA

Once received the Letter of Acceptance, the student must request a student visa, the main mandatory requirement for doing an academic exchange at UANDES.

The student must enter to Chile with this document, otherwise they will not be permitted to study in UANDES. Within the first 30 days in Chile, the student must register the student visa in the PDI. For this, it is necessary to make an appointment in advance, so we recommend to make the reservation as soon as the student obtains the visa in their country of residence, as the process might take some time.

In the case of internships in the health area, a student visa will be required when the stay is longer than 90 days, and when practical activities will be carried out with patients.

### \* CHILEAN ID

Once in Chile, and right after the registration of the student visa in the PDI, the student must obtain a Chilean ID with a RUT number (chilean identification number). Only with this, the student will be granted with their official transcript or records at the end of the exchange.
