A student from Australia

My Okadai experience became even more interesting when I found the Kendo club and immediately joined in with their daily training. Going through the EPOK course allowed me to follow my interest in Samurai Bushido; connecting it to my Kendo experience was a very unique task which I enjoyed every moment of.

A student from the UK

By working at L-café, as well as helping out as a teaching assistant in English classes, I was able to help many Japanese students improve their English ability, making many friends along the way. I’m immensely proud of what I’ve accomplished during my time here in Okayama, and I will never forget the memories that I have made.
