Quick Reference Guide

Quick Conference
613-520-3456 or 3456 (internally)

Quick Conference® is a simple, easy-to-use solution providing excellent conferencing power with minimum user set-up. Simply use your assigned bridge number for your conference and communicate it to all conference participants. The moment they dial the bridge number, conferencing begins.

You are able to configure additional capabilities for a conference, through the phone or web interface. This guide includes information about accessing and using Quick Conference.

Through phone dial pad

Joining a conference (as a participant)
1. Dial the Quick Conference phone number 3456
   You hear an initial welcome message.
2. Enter the bridge number supplied by the conference organizer
3. You will be prompted to press # to join the conference
   (you may be asked to enter a participant PIN number, or to
   announce your name before joining)
4. You will hear an audio tone until the moderator joins, (unless the
   moderator has configured conferencing to start as soon as a second
   participant joins.)

Join the Conference as the Moderator
1. Dial the Quick Conference number 3456.
2. Enter your assigned bridge number
3. Enter # to join the conference
4. Press *8 to establish yourself as the
   moderator.
5. Enter moderator PIN number and #
   The conference can now begin

Conference Control Options
While participating in a Quick Conference session, you can access conference control services using the telephone keypad.

All participants may mute/unmute themselves by pressing *1 to “mute” and press *2 to “unmute” during the conference call

To access the additional options, you can press * at any time to get a list of options.

Table A shows what options you can choose.
Press # at any time to get out of the keypad options.

Record a conference title
You may wish to record a title for the conference before the conference starts.
(i.e “Welcome to the CCS review”)

Call into the bridge.
Join the conference as the moderator *8
Then Press * (for list of options in table A)
Press 8 (for moderator options)
Press 6 to record title.
(you can then press 7 to listen to the title. See Table C on the next page)

Press # a couple of times to back out.

Telephone Keypad Options
Press * at any time to get a list of available conference options.

Table A

Note: If Music-on-Hold, ringback tone, or other distracting background sound is piped into a conference from one of the external participants, use option *4 (Mute All) to shut it off. Individual participants can then dial option *2 (Unmute Self) as required when they wish to speak.
Moderator Options
You can perform the following Quick Conference moderator tasks using the web interface (see Figure 1). As conference moderator, you can:
- Create conferences - and configure moderator options (Reservations Tab)
- Monitor conferences - actively monitor your conferences in progress (Activity Tab)
- Manage conferences - Access recordings and reports pertaining to your bridge number (Recording and Reports Tabs)
- Plan conferences - Schedule conferences through outlook calendar (Planner Tab)

Using the Web Interface
To access the web interface:
1. Access the URL http://134.117.0.213/conferences/bridge
2. Enter your bridge number and click Continue. (Note: If this is your first time entering your bridge number, you are directed to the Reservations tab. See Setting Moderator Options)
3. If prompted, enter a system access code.
4. Enter your Moderator PIN if prompted and click Login.
The Moderator web interface opens as shown in Figure 1.
   Press the Help icon at any time for a list of available options

Setting Moderator Options
Use the Reservations tab to set up a new bridge number reservation (click Reserve this Bridge) or to modify the following details of an existing bridge number reservation.

You can:
- Add a conference description
- Add an email contact address
- Change the moderator PIN
- Add an optional participant PIN
- Choose a pre-programmed audio signal or upload a custom message for all participants in moderated conferences to hear prior to moderator arrival.
- Enable conference entry/exit notification
- Determine whether your conference can start without a Moderator
- Determine if participant announces name

Managing Recordings
Click the filename link of any recording on the Recording tab to play back a conference recording. Only moderated conferences can be recorded.

Viewing Reports
Use the Reports tab to view usage reports for your specific bridge number. You can:
- Review past conference activity
- See a detailed or summary view of participants
- Add notes to a specific conference

Planning Conferences
Use the Planner tab to access the Web Interface to add a conference as a planned event in your Outlook calendar.
Note: This does not reserve system capacity.

Keypad Reservations Options
If a moderator wants to use the telephone keypad instead of the web interface to reserve a bridge, use these options.
