**Guiding Question:** Reflecting on the concerns and perspectives expressed by Shaking the Movers participants who attended the 2022 (2023) workshops, briefly respond to an issue the participants raised in one of the reports that you find compelling.

How does what you have learned from hearing young peoples' concerns relate to the work you do with, on behalf of, or in support of children and young people themselves? Please participate in one of the panels with a presentation timed to 5 minutes or in the discussion following the presentations.

We would like to publish proceedings from the CRAN conference. Please send a final elaborated and formatted version of your presentation (not presenter notes please) or a short position paper if you did not have an opportunity to present at the conference.
