**CALENDAR COURSE DESCRIPTION:**

Introduction to interdisciplinary research and analysis in law and legal studies; finding and analyzing primary and secondary legal sources; introduction to the interrelationship between theory, practice and research. Students are strongly encouraged to take this course in the second year of their program.

**COURSE DESCRIPTION:**

The Law Program at the Department of Law and Legal Studies at Carleton University is firmly grounded in a “legal studies” approach which situates law in its social, economic, political and historical contexts. As such, courses focus not just on ‘what the law is’ in a particular area but also on a range of academic and practical considerations: How does the law ‘as it is’ reflect particular (normative) visions of society and distributions of power within it? How and why does law change? How is the law ‘on the books’ operationalized (e.g., by the police or business-people) and experienced by ordinary people in everyday life? How do the narratives of law (e.g., judicial decisions) communicate cultural meanings in our society? How do law and legal processes interact with other institutions in our society? Who creates law – and is all ‘law’ (in the sense of regulation of conduct) formally prescribed law?

Engaging with questions such as these requires that students are able to deploy a range of effective research skills and strategies. The Department offers two research courses to assist students to master their law discipline. This course, Laws 2908, introduces students to legal materials in legal studies research. By this we mean judicial decisions (cases), legislative instruments (statutes and regulations), government documents (including Parliamentary materials and policy), and secondary sources published in academic journals. It also addresses ‘legal method’ in comprehending and working with these materials. This course is compulsory for all students majoring in a Law or Law Honours programs. A second course, Laws 3908, offered at the 3000 level, introduces students to a variety of interdisciplinary approaches, including the use of social science research sources and methods in legal studies and more advanced consideration of theory in legal research.

**COURSE FORMAT****LECTURES**

**This course engages a blended learning model. It will include pre-recorded lectures that you will review outside of class.** The lectures in this course are designed to introduce students to the important role of research and the approaches to research that may be engaged in the field of legal studies. Lectures will also provide foundations for effective analysis of different types of primary and secondary sources in law.

**TUTORIALS**

Attendance at tutorials is **MANDATORY**. Tutorials are used to provide hands-on introduction to research skills and training with electronic resources. Some tutorials will be ‘labs’ and other will be workshops addressing writing skills and assignments. ***All tutorials will be held in our classroom and will be led by your Instructor.***

**COURSE MATERIALS:****A. RECOMMENDED TEXT:****Text:**

1. McGill Law Journal, *Canadian Guide to Uniform Legal Citation*, 9th ed (Toronto, Ontario: Thomson Reuters, 2018) [The *McGill Guide*]. This text explains the basic rules of legal citation. It is an essential reference text for anyone conducting research concerning legal issues. You will use it as a resource in other courses as you progress in the law program. Several copies will be

available in the University Bookstore.

- Note: You can also purchase the 8<sup>th</sup> ed (2014) of the McGill Guide (some used copies might be available at the the University Bookstore). However, it is highly recommended that those students that plan to continue to Law School should consider purchasing the new 9<sup>th</sup> edition.

### **B. REQUIRED READINGS:**

#### **Articles and Cases :**

Other required readings will include articles and cases. These will be available through a link on the CULearn home page and through the library ARES system.

### **EVALUATION:**

**This course is DEMANDING AND INTENSIVE. It will require considerable ongoing attention every week. These components are explained in detail below. Please review carefully and note all requirements and due dates.**

We know that this is a lot of work for you (and for us) and that the course may seem much heavier than your other courses. However, this course is foundational in your Law Program. It is designed to provide you with the opportunity to develop research skills and understanding that will serve you well in your other law courses. The course is also designed to encourage you to stay engaged with the material being covered each week. Notably, the evaluation of the course is weighted to reward those students who stay engaged, submit the exercises on time, attend and participate in tutorial.

<b>Evaluation Component</b>	<b>Value</b>	<b>Due Dates</b>

These are likely to be posted ‘en bloc’ near the end of the semester. You will know if you have obtained the associated marks in any case, by submitting on time.</li> </ul> <p><b>Grade Book:</b> Initially, you will obtain your mark through the Assignments Tab on CULearn. After a short time, we will also release the marks onto grade book. **LATE PENALTIES**

We have every commitment to your success in the course and we also know that 'life' (and other coursework) can intervene. We also realise that it is common for students (and even professors) to work towards the 'last minute deadline.' As the seconds tick towards the deadline however, there seems to be a correlated 'disaster clock' – a computer crash, lost file etc. We urge you to set earlier 'self-deadlines' and to allow time for revision for major Assignments.

This is a very large class. Late assignments create a significant administrative burden across the (large) team of people who work with us on the course. There is a significantly higher risk of assignments going astray. There are many deliverables. Accordingly, we expect and require students to get their assignments in ON TIME. We are remorseless about lateness and impose extremely heavy penalties without exception as follows:

**ASSIGNMENTS**

Late Assignments will be penalized as follows:

- Deduction of 5% marks if the assignment is handed in on the due date after the deadline of NOON but before midnight.
- A further 5% if the assignment is handed-in anytime the 'next day' - from 12:01am to 11:59 pm.
- A further 10% is deducted at beginning of each following day (at 12:01am) including weekend days.
  - In other words, if a paper is due at NOON on Monday and you submit it anytime on Wednesday, the penalty is -20% - **So don't be late!!!**
- If an Assignment is handed in more than seven days late, it will be accepted towards course completion but will receive zero marks.

**EXTENSIONS FOR THE ASSIGNMENTS**

Students can request an extension on Assignments for serious illness or family and personal emergencies. They will be required to provide official supporting documentation. Students requesting an extension MUST contact the Course Instructor prior to the assignment deadline.

**Extensions will not be granted for computer problems of any kind. We URGE you to back up your work as you go along: email a draft to yourself whenever you finish a segment of work on it or copy it to a USB thumb-drive or an external hard drive.**

A cold or the flu is not a sufficient reason for an extension.

Competing workloads in other courses is not a sufficient reason for an extension.

Work schedule or family schedule conflicts are not sufficient reasons for an extension.

**COURSE SCHEDULE: LECTURES, TUTORIALS, DUE DATES FOR EVALUATION**

Subject to revision. Please review carefully and mark down due dates in particular.
