**CALENDAR COURSE DESCRIPTION**

International regulation of trade and investment through bilateral, regional, and multilateral treaties and agreements. Topics may include WTO, NAFTA, the EU, UNCTAD, intergovernmental commodity agreements, and dispute settlement.

**COURSE DESCRIPTION**

This course will examine the development and elements of the international legal framework for regulating trade and investment. The components of this course introduce the institutions and rules that govern global trade between states. We will mainly focus on the development of the expansion of the World Trade Organization (WTO) legal framework and examine selected aspects regulating international economic activity and trade law including Most Favored Nation and National Treatment principles, Tariffs, Preferential trade agreements, contingency protection, bi-lateral and multilateral agreements, regional integration, dispute settlements and other key matters that impact trade. We will also examine the role played by international law and specifically by international economic law in regulating international economic activity. A fundamental theme of this course will be assessing the role of law in regulating international economic transactions. In addition, students should also be able to assess any benefits of global free trade as well as understand the issues contributing to a protectionist retreat from current trade arrangements.

**COURSE MODALITY & TECHNICAL REQUIREMENTS**

This course is an online course where the instructor and students share information, ideas, and learning experiences in a virtual course space. Asynchronous courses do not have live, scheduled meetings online. However, students are expected to remain up to date with the deadlines and due dates provided by the instructor. These courses require high-speed Internet access and a computer.

**LEARNING OBJECTIVES**

Upon successful completion of the course, students will be able to:

- Demonstrate an understanding of the history of international trade principles, theories, policies, and institutions;
- Sketch out the basic framework of trade rules as well as the primary principles, concepts, and norms that animate international trade;
- Read, summarize and examine WTO and other international and regional trade laws and regulations;
- Critically evaluate issues affecting trade regulations such as environment, agriculture, and developing countries;
- Investigate Canadian and global trading systems and legal frameworks to regulate trading partners through assessing cases and challenges between developed, developing, and least developed countries.

**REQUIRED TEXTS**

Michael J. Trebilcock, Robert Howse, Antonia Eliason, *The Regulation of International Trade*, 4th ed., (London and New York: Routledge, 2012).

I will make sure if the online version of the book may be available on ARES before starting the

semester. If it is available in the library system, then you do not need to buy the book. However, the textbook may be purchased online through the Carleton University bookstore website. The bookstore is offering a variety of ways for students to get their textbooks, including domestic and international shipping, digital options (where available), and in-store pickup.

<https://www.bkstr.com/carletonstore/home>

### **SUPPLEMENTARY TEXTS**

As we proceed, additional related readings may be posted throughout the semester. We will use WTO open access resources from [https://www.wto.org/english/res\\_e/res\\_e.htm](https://www.wto.org/english/res_e/res_e.htm) and WTO e-campus materials.

### **EVALUATION**

Standing in a course is determined by the course instructor subject to the approval of the Department and the Faculty Dean. This means that grades submitted by the instructor may be subject to revision. No grades are final until they have been approved by the Department and the Dean.

**Oral Presentation and Written Summary: 15%**

**Progress Report: 5%**

**5 Reading and Lecture Quizzes: 30%**

**Mid-term Exam: 20% [June 1, 2022]**

**Final Exam: 30% [During the exam period in June. Will be scheduled by the Exam service]**

**Total: 100%**

### **Oral Presentation and Written Submission: 15%**

I plan to hold a Live Presentation Session during our class time for meeting a group. The session starts at 2:35 pm and continues until all presentations are completed. You must join the session at the beginning. I will make groups of 5-8 students each and a scheduled group will meet me during the session. You will be assigned a reading to present for 7 to 10 minutes during this session. I will post the list of groups with the first lecture materials of our class. If you don't see your name on the list yet (due to late registration), let me know ASAP so that I can assign you to a group and you will be able to present. You will be required to present only once throughout this short semester. To do this, you will read an assigned reading, make a summary of the reading, and present it during the live session. This is a great opportunity for both students and instructors to communicate with each other and analyze the topics more effectively. You need to address the following questions while presenting:

- What is the topic? Make a summary.
- Why the topic is important for international trade?
- Do you think the topic you are presenting has implication on the current trade regime?

**The oral presentation is worth 10% each.**

In addition to the presentation, you are required to submit a summary and critical reflection of your works and the presentation slide (in a single document) based on the questions posed above your presentation. To submit this written portion, you must complete your scheduled presentation. I will create a submission portal or dropbox for each group where you will submit your written document before your assigned presentation. Your summary should not exceed 500 words or two pages.

**The written summary and critical reflection are worth 5%.**

### **Progress Report: 5%**

Brightspace has a great option to see how many contents and percentages each student has reviewed and completed. You will be assessed out of 5% based on your activities (lecture materials and other components) of this course on Brightspace. Since you are registered for this course, you are required to complete course contents and assessments. This is an easy mark.

### **5 Reading and Lecture Quizzes: 30%**

For assessing a better understanding of the reading and lecture materials, you will be required to complete online quizzes. The quizzes may be comprised of true/false, multiple-choice, or other forms of quiz questions. There may be 10 questions you should answer for each quiz. A total of 6 quizzes [May 11, 18, 25, June 6, 13, & 17] will be available and you must attend at least 5 quizzes. Each of the quizzes is worth 6%, for a total of 30% of the total grade. To get the full 6%, you must have at least 10 correct answers. So, 0.6 points for each correct answer and no deduction for the wrong answer. For example, if you have 9 correct answers, you will receive 5.4 points, 8 correct answers for 4.8 points, 4 correct answers for 2.4 points, 2 correct answers for 1.2 points, and 1 correct answer, you will receive 0.6 points. You are allowed to attempt a quiz once only. Missed quizzes cannot be made up.

Each quiz will be posted and made available for you on Brightspace no more than 72 hours before the scheduled quiz and you can complete each quiz any time before the due time. For example, the FIRST quiz will be posted on Brightspace on May 9 (Monday) at 12:01 am or after, and you can complete the quiz any time before 11:59 pm on May 11 (Wednesday). This example applies to all assigned quizzes. **More information is outlined in the class schedule.** Please ensure that you have a secure and reliable internet connection when completing the quizzes as they will be timed. Start your quiz after reading the reading materials and reviewing the lecture materials. Once the quiz starts online, students will have 30 minutes to complete all 10 quiz questions. They will be marked automatically, and students will receive their results through Brightspace.

### **Mid-term: 20%**

The mid-term exam will be comprised of some short conceptual questions to answer. Students will be responsible for all the required readings and cases, as well as the material covered by the lectures. However, greater emphasis will be placed on materials covered in the first half (Lectures 1 to 7) of the course. You are expected to answer 20 MCQ and True-false questions (same as quiz questions), and 5 short questions for this mid-term exam during a 60 minutes window. You can not copy any materials from the book or other sources. You must write answers on your own.

The mid-term exam will be held on June 1 during the class time between 3:00 pm and 4:00 pm.

**Final Take-home Exam: 30%:** The final take-home exam will be held during the exam period in June. You will be asked to answer two to three long questions during the examination period. More information regarding the final exam will be posted on Brightspace later.

You must follow the University's policies on academic integrity. Besides the coursebook, you are allowed to use other sources I have posted on Brightspace. Responses must be your original, individual work. Do not share or discuss answers with other students. Plagiarism is an academic offense. Please review the university policy regarding plagiarism (see link on page 8). To avoid plagiarism, use your own words (rather than quotations or lengthy paraphrasing) wherever possible. Doing so demonstrates that you understand the material and, also, tends to require fewer words. However, you must provide proper citations when relying on the ideas of others. Wherever you quote directly you must enclose the text in quotation marks (" "), and include a footnote with the author's last name (in some cases, the title of the readings accepted if you are unclear about the author) and page number of the text. You are requested not to use more than three quotations in this paper. Papers with too many direct quotes will lose marks as direct quotes do not count as your work, no matter how carefully you have chosen the quote. Use any citation style of your choice but I prefer the *Canadian Guide to Uniform Legal Citation*, 9th ed (Toronto: Thomson Reuters, 2018). You can find a citation guide here ([https://library.carleton.ca/sites/default/files/help/writing-citing/Using\\_uniform\\_legal\\_citation\\_2018.pdf](https://library.carleton.ca/sites/default/files/help/writing-citing/Using_uniform_legal_citation_2018.pdf)).

**Please Note: All evaluation components must be successfully completed in order to get a passing grade**

## **LATE PENALTIES AND REQUESTS FOR EXTENSIONS**

### **Late Penalty**

Late submission will be penalized. Assignments submitted later than the due date will be penalized 5% per day of the total value of the assignment. For example, if an assignment worth 25% of the total course grade is a day late, 1 point out of 20 (or 5% per day) will be deducted.

### **Extension**

The granting of extensions is determined by the instructor who will confirm whether an extension is granted and the length of the extension. For requests for extensions lasting less than 7 days, please complete the form at the following link and submit it to the instructor before the assignment due date: <https://carleton.ca/registrar/wp-content/uploads/self-declaration.pdf>.

**Extensions for longer than 7 days will normally not be granted.** In those extraordinary cases where extensions lasting longer than 7 days are granted, the student will be required to provide additional information to justify the longer extension (up to a maximum of 14 days).

## **SCHEDULE**

There are three types of learning strategies that will be followed for this course. First, students are responsible for all assigned readings. I suggest students read the required reading material before each scheduled lecture. Secondly, students should review lecture slides posted on Brightspace, Thirdly, students should carefully watch recorded lecture videos and take notes, although the contents may focus on a limited number of these readings. I will make sure all lecture materials are available for them to read, review and watch at least 4 days before the scheduled lecture time.
