

General guidelines to apply are:

- Must be enrolled in a graduate program at one of the four Canadian partner universities: Carleton University, McGill University, University of Ottawa, York University
- Have prior fieldwork or relevant experience in settings comparable to those of the placements
- Available to travel to conduct research in the summer of 2020

**NOTE:** Each research placement will have specific requirements. Please visit the specific country's page for further information on placements in [Kenya](#) and [Lebanon](#).
