**Baroque Music: More Than Meets the Ear**

Develop your knowledge and appreciation of Baroque music in this series by the founder of the Ottawa Baroque Consort, Olivier Henciri. Through guided listening, we will explore concepts such as the doctrine of affections, emotional attributes of musical keys, counterpoint, imitative writing, ornamentation, and word painting. One lecture will be dedicated to uncovering the abundant and vivid word painting in Vivaldi’s Four Seasons. Historical performance practice will also be discussed and demonstrated in class using a period instrument. This series will give you the tools not only to recognize music from this era instantly, but also to see it—and hear it—in a completely new light.
