Parking
The Learning in Retirement program is pleased to announce virtual parking permits based on licence plate numbers. These virtual parking permits replace the need to display a physical parking permit on the dashboard. During registration, participants who request parking will be asked to provide their licence plate number. The licence plate number will be submitted to Parking Services and will function as the parking permit credential. Learning in Retirement parking permits for the Winter 2019 Session are valid for parking lot R6 at Carleton University, which is close to the Leeds House, St. Patrick’s, and Residence Commons Buildings.

If participants do not wish to purchase a parking permit in advance, they may purchase one-time permits at the pay-and-display machines for parking garage P18.
