Animals help us see the world afresh. Interweaving poetry, science, calligraphy, history, art and philosophy, we delve into astounding realities (each encapsulated in a word) of: **A**nts, **B**ulls, **C**ats, **D**ragonflies, **E**lephants, **F**ireflies, **G**rasshoppers, **H**orses, **I**guanas, **J**ellyfishes, **K**angaroos, **L**ions, **M**osquitoes, **N**ewts, **O**wls, **P**arrots, **Q**uails, **R**ats, **S**heep, **T**igers, **U**mbrellabirds, **V**ipers, **W**hales, **X**olos, **Y**aks and **Z**ebbras. This lecture series is as much about us as it is about the animals that help us regain our sense of wonder.
