CANDIDATE: Muhammad Sarmad Zahid  
B. of Mechanical Engineering, Ntl Univ of Sciences & Tech, 2018

DATE: Monday January 24, 2022, 12:00 Video Conference

THESIS TITLE: Investigation of the Feasibility of Deploying Electro-rheological Dampers in a Drop Tower to Replicate the Impact Profiles of High Speed Craft

EXAMINATION BOARD:

Member of Department  
Jeremy Laliberte, Mechanical & Aerospace Engineering  
(Video Conference)

Member of Joint Institute  
Michel Labrosse, Mechanical Engineering - University of Ottawa  
(Video Conference)

Thesis Supervisor  
Fred Afagh, Mechanical & Aerospace Engineering  
(Video Conference)

Thesis Supervisor  
Robert Langlois, Mechanical & Aerospace Engineering  
(Video Conference)

Chair of Defence  
Tarik Kaya, Mechanical & Aerospace Engineering  
(Video Conference)

Chair/Director of Department or Designate  
Ronald Miller  
(Ex-officio)

Dean of Faculty  
Larry Kostiuk  
(Ex-officio)

Dean, Faculty of Graduate and Postdoctoral Affairs  
Patrice Smith  
(Ex-officio)

Ronald Miller, Chair/Director of Department or Designate  
Department of Mechanical and Aerospace Engineering
