Department of Mathematics and Statistics, University of Ottawa

## PROBABILITY-STATISTICS DAY

Celebrating 25th Anniversary of the Fields Institute

---

**NOVEMBER 3, 2017**

Room 4351 HP, Carleton University

### PROGRAM

- 10:00 to 10:20 Coffee
- 10:20 to 10:30 **Opening remarks:** Memories of the Fields Institute by Don Dawson, Director (1996-2000)  
Barbara Szyszkowicz (Carleton University)
- 10:30 to 11:15 **Appraisal of Inference from survey data: Past, present and future directions**  
J.N.K. Rao (Carleton University)
- 11:15 to 12:00 **Empirical likelihood inference for missing survey data**  
Song Cai (Carleton University)
- 12:00 to 1:00 **Lunch**
- 1:00 to 1:45 **Self-normalized weak and strong limit laws in the domain of attraction of stable laws**  
Miklós Csörgő (Carleton University)
- 1:45 to 2:30 **Limit theorems for cluster functionals**  
Rafał Kulik (University of Ottawa)
- 2:30 to 3:00 **Coffee**
- 3:00 to 3:45 **Implications of Heavy Traffic Limit Theory for Statistical Modeling**  
Peter Glynn (Stanford University)
- 3:45 to 4:30 **Mixing and the Glass transition**  
Aaron Smith (University of Ottawa)
