STAT 2606 C: BUSINESS STATISTICS I

Fall 2020

Instructor: Mr. Fares Said
Email: fares.said@carleton.ca
Place: Online via CuLearn
Office: Zoom, Facetime or other medium
Office Hours: Online Appointment request by email or call 613-875-1206 after 4pm

Course Pages:
1. https://www.carleton.ca/culearn/
2. https://students.carleton.ca/

Course description: Introduction to statistical computing; probability concepts; descriptive statistics; estimation and testing of hypotheses. Emphasis on the development of an ability to interpret results of statistical analyses with applications from business.

Prerequisite(s): Either (1) MATH 1009 with a grade of C- or better and either an OAC in Algebra and Geometry or MATH 0107, or (2) BUSI 1703 with a grade of C- or better, or BUSI 1704 and BUSI 1705 with an average grade of C- or better or equivalents. If you are not sure about your prerequisites, please see me or the Undergraduate Advisor Mr. Gary Bazdell in 4302C HP.

Statistical Software: The statistical software Minitab will be used.

Grading Scheme:
- Term Work (50%)
  - Quizzes (15%) - 5 quizzes
  - Assignments (10%) - 2 assignments
  - Midterm Exam (25%)
- Final Examination (50%).

Assignments: There will be two assignments, each counting equally toward the term mark. No late assignments will be accepted. Students may wish to work together on assignments, but each student must write up his/her assignment independently.

- Assignment 1: covers Chapters 1 to 6 (weeks of 1-5) and is due on October 20, 2020
- Assignment 2: covers Chapters 7 to 10 (weeks of 6-10) and is due on December 1, 2020

Quizzes: Each quiz is equally weighted. All quizzes will take place on CuLearn and students will need to keep track of the quiz deadlines as follows:
Quiz 1: covers Chapters 1 to 3 and is due on September 27, 2020
Quiz 2: covers Chapter 4 and is due on October 11, 2020
Quiz 3: covers Chapters 6 to 7 and is due on October 25, 2020
Quiz 4: covers Chapters 8 to 9 and is due on November 15, 2020
Quiz 5: covers Chapters 10 to 11 and is due on November 29, 2020

Midterm Exam: The midterm examination will be held on CuLearn on Sunday, November 8, 2020 from 2 p.m. to 4 p.m. There is no deferred midterm. If you miss a midterm exam and provide a valid medical certificate/self-declaration form within one week of the missed exam, the assigned weight (of 25%) will be added to your final exam; otherwise a mark of zero is assigned. Students will need to fill out the form "Consent to Release Information to a Third Party" (which is available via CuLearn) when they submit a medical note.

NOTE: Concerns about assignments and midterm exam grading must be brought to my attention within one business day of them being available for review. Students who need to miss a lab or the midterm exam must inform me prior to the event and provide the original hard copy of any supporting documentation within five business days.

Final Exam: There will be a 3-hour final exam scheduled by the university. The final exam period runs from December 12-23 inclusive.

NOTE: Any student wishing to review their final exam must make an appointment within a two-week period following the submission of the final grades. These appointments are solely for educational purposes and are not to be treated as an opportunity to debate your grade. Students are required to obtain a minimum score of 50% on both the midterm exam and final exam. Students who fail to meet this minimum score on either exam will automatically be assigned a grade of F in the course. Exceptions to this rule may be made at the discretion of the instructor.

Academic Accommodations: You may need special arrangements to meet your academic obligations during the term. For an accommodation request the processes are as follows:

Pregnancy obligation: write to me with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. For more details visit the Equity Services website http://www2.carleton.ca/equity/accommodation/

Religious obligation: write to me with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. For more details visit the Equity Services website http://www2.carleton.ca/equity/accommodation/

Academic Accommodations for Students with Disabilities: The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at +1613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your Letter of Accommodation at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (if applicable). After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website for the deadline to request accommodations for the formally-scheduled exam (if applicable).

Academic Integrity: Students are required to be familiar with Section 14 of the Academic Regulations of Carleton University. Students who violate the standards of academic integrity relating to an examination or assignment will receive a grade of zero for that piece of work, and will be required to meet with the Associate Dean of Science and/or the Associate Dean of Business for further disciplinary action. For more information, visit: http://calendar.carleton.ca/undergrad/regulations/academicregulationsoftheuniversity
Tentative Course Outline: The weekly coverage might change as it depends on the progress of the class. However, you must keep up with the reading assignments.

<td>NA Oct 26 to 30</td>
<td></td>
<td>● FALL BREAK WEEK</td>
</tr>
<tr>
<td>Week 08 Nov 4, 6</td>
<td>9.1 to 9.4</td>
<td>● Confidence Intervals for a Population Mean ( known and unknown) and Population Proportion. Sample Size Determination for Mean ( known) and Proportion.</td>
</tr>
</tbody>
</table>
| Week 09 Nov 11, 13 | 11.1 to 11.3 | ● Confidence Intervals for Comparing Two Population Means
- Independent Samples
- Dependent Samples or Paired Difference Experiments
- Confidence Intervals for Comparing Two Population Proportions |
| Week 10 Nov 18, 20 | 10.1 to 10.4 | ● Introduction to Hypothesis Testing. Type I and Type II Errors. p-values. One-Sided and Two-Sided Tests about a Population Mean and Population Proportion. |
| Week 12 Dec 2, 4 | 11.1 to 11.3 | ● Hypothesis Tests for Comparing Two Population Means
- Independent Samples
- Dependent Samples or Paired Difference Experiments
- Hypothesis Tests for Comparing Two Population Proportions |
| Week 13 Dec 9, 11 | 10.6 to 10.7, 11.4 to 11.5 | ● Statistical Inference for a Population Variance, Comparing Two Population Variances
- Discussing final exam |

Important Dates:

- September 9: First class
- September 27: Quiz 1
- September 30: Last day to withdraw from winter term with full fee adjustment
- October 11: Assignment 1 is due
- October 20: Statutory holiday
- October 25: Quiz 3
- October 26-30: Fall break. Classes are suspended
- November 8: Midterm Exam
- November 13: Exam accommodation request
- November 15: Quiz 4
- November 29: Quiz 5
- December 1: Assignment 2 is due
- December 11: Last day to withdraw from the course
- December 11: Last day of classes
- December 12-23: Final Exam
