Instructor: Song Cai
   Email: scai@math.carleton.ca
   Phone: 613-520-2600 x 2423
   Office: 5215 Herzberg laboratories (HP)

Hours, Locations and Website:
   Lectures: Tue. and Thu. 8:35 AM–9:55 AM at 378 University Center (UC)
   Office hours: Tuesday 14:00–15:00 at 5215 HP or by appointment
   Course website: http://people.math.carleton.ca/~scai/teaching/stat5509f-f19/

Important Dates:
   First day of classes: Sep. 4, 2019
   Last day of classes: Dec. 6, 2019 (follows a Monday schedule)
   Oct. 21–25: Fall break; no classes
   Important dates and deadlines, 2019–2020:
      https://carleton.ca/registrar/registration/dates-and-deadlines/
   Dates of Religious Observances (Holy days), 2018–2020:
      http://carleton.ca/equity/accommodation/religious-observances/
      Note: It is your responsibility to inform me which holy days apply to you and you have to do so within the first two weeks of the class. The due dates for assignments and exams will not be changed for holy days after this two-weeks period.

Textbook:

Reference book:
   (Freely available for Carleton students on Springer Link website)

Prerequisites:
   STAT 3553, or STAT 3509 and STAT 3503, or permission of the School.

Assessment Rules (provisional):
   • Three or four assignments: 25%
   • A 90-minute in-class Midterm exam (on Oct. 17): 35%
   • A take-home final exam: 40%

Topics (provisional):
   1. Review of matrix algebra
   2. Fundamentals of random matrices/vectors
   3. Multivariate normal distributions
   4. Properties of random samples from a multivariate normal distribution
5. Statistical inference on the mean of a multivariate normal distribution
6. Principle component analysis and canonical correlation analysis
7. Clustering
8. Other topics if time permits: classification, factor analysis, etc.

Important Notes:
- Lab exercises will be assigned occasionally. These exercises are not to be handed in and will not be graded. They help you learn to use R to carry out multivariate statistical analysis.
- Asking content-related questions by emails is not encouraged. You should always come to my office hour for such questions to avoid unnecessary confusions.
- When asking schedule-related or clarification questions by emails, you should expect a waiting time of 24 to 48 hours for me to process.
- If you want to make an appointment other than the regular office hours, you should expect a meeting at least one week after the date you make the appointment.
- If you miss the midterm exam you will receive a zero for that exam unless you provide me with a properly documented reason (e.g., medical), in which case a makeup exam will be given. If you also miss the makeup exam, your mark for the midterm exam will be zero regardless the reason.
- Late submissions of assignments will not be accepted and a zero mark will be given unless you can provide a documented reason.
- If you want to see your final exam paper, you have to make an appointment within two weeks of the final exam.
- Your grade will not be changed in any case according to your special needs (such as scholarship, etc).
- Students from the University of Ottawa should gain access to cuLearn at Carleton University. To do this, follow the instructions given on https://carleton.ca/its/all-services/accounts-and-passwords/#sect4

Academic Integrity Policy:
https://carleton.ca/registrar/academic-integrity/

Academic Accommodation:
You may need special arrangements to meet your academic obligations during the term. For an accommodation request the processes are as follows:

Pregnancy obligation: write to me with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. For more details see the Student Guide.

Religious obligation: write to me with any requests for academic accommodation during the first two weeks of class, or as soon as possible after the need for accommodation is known to exist. For more details see the Student Guide.
Academic Accommodations for Students with Disabilities: The Paul Menton Centre for Students with Disabilities (PMC) provides services to students with Learning Disabilities (LD), psychiatric/mental health disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorders (ASD), chronic medical conditions, and impairments in mobility, hearing, and vision. If you have a disability requiring academic accommodations in this course, please contact PMC at 613-520-6608 or pmc@carleton.ca for a formal evaluation. If you are already registered with the PMC, contact your PMC coordinator to send me your Letter of Accommodation at the beginning of the term, and no later than two weeks before the first in-class scheduled test or exam requiring accommodation (if applicable). After requesting accommodation from PMC, meet with me to ensure accommodation arrangements are made. Please consult the PMC website for the deadline to request accommodations for the formally-scheduled exam (if applicable).
