INNOVATIVE LEARNING ENVIRONMENT - WHERE THEORY MEETS PRACTICE

Experience the thrill of discovery in our Neuroscience Labs, equipped with the latest in research technology. Dive into a learning experience where doing is just as important as studying. We offer unparalleled opportunities to apply classroom knowledge in real-world settings.

YOUR PATH, YOUR FUTURE

At Carleton, we understand that each student is unique. That's why our neuroscience programs are flexible, allowing you to tailor your studies to your interests and career goals. Whether you're drawn to research, clinical work, or something in-between, we're here to support your journey.

COMPREHENSIVE ACADEMIC SUPPORT

Through a combination of program specific advising, career design support, peer mentorship, and Science Student Success Centre initiatives, Carleton University offers a wide range of student-centered support services.

AWARD-WINNING FACULTY

Our faculty are not just teachers; they are mentors, researchers, and pioneers in their fields. Award-winning and passionate about discovery, our team is here to guide you through the intricacies of neuroscience, ensuring you're prepared for a successful career.

COMMUNITY ENGAGEMENT

The Carleton Neuroscience Society and the Society for Neuroscience Ottawa Chapter organize various social events, educational out-reach, and community fundraisers. Our departmental Colloquia and Brainbytes series promote academic knowledge transfer and chances to network.

Neuroscience

CAREER PATHWAYS*

- Audiology
