Contract Instructor Teaching Opportunities Fall/Winter 2022-2023

Applications are invited from members of the CUPE 4600 bargaining unit and other interested persons to teach the following International Affairs courses during the *Fall 2022 and Winter 2023 terms*.

If public health restrictions allow, the planned mode of delivery for this course will be in-person face-to-face lectures. Only certain courses will be offered online this academic year and is specified under the course description.

Qualifications: Applicants should hold a graduate degree and policy experience is preferred. Courses are primarily for graduate students, with the exception of the 3000 and 4000 level courses, which are taught at the undergraduate level.

Applications must be received electronically by 4:30pm Friday, May 27, 2022.

1. Please apply via email to Emma Smith, Assistant to the Director Norman Paterson School of International Affairs: emmacsmith@cunet.carleton.ca
2. All applications must include an up to date CV, including a complete listing of all courses taught within the CUPE 4600 Unit 2 bargaining unit at Carleton University.

A note to all applicants: *As per Articles 16.3 and 16.4 in the CUPE 4600-2 Collective Agreement, the posted vacancies listed above are first offered to applicants meeting the incumbency criterion. A link to the current CUPE 4600-2 Collective Agreement can be found at the Academic Staff Agreements webpage on the Carleton University Human Resources website (<https://carleton.ca/hr/labour-relations/academic-staff-agreements/>) and the CUPE 4600-2 website (www.cupe4600.ca).*

Every attempt has been made to ensure the accuracy of this list. Please note that there always remains the possibility of some late changes due to budgetary demands and/or enrolment in the courses. In addition, late changes to faculty teaching loads and the hiring of our tenure-track faculty positions may result in changes to the teaching offerings well after this list is posted. All positions are subject to budgetary approval. Some of these courses may be taught by employees who have the right to automatic reappointment. Advertisement is not a guarantee that a course will be offered.

Courses offered in Fall 2022:

INAF 4101 [0.5 credit]

Topics in Conflict and Conflict Management

An interdisciplinary course examining selected issues and policies in the area of conflict and conflict management. Topics include subjects such as sources and causes of conflict, conflict mediation, and peacekeeping and peacebuilding.

INAF 4301 [0.5 credit]**Topics in Rights and Human Development**

An interdisciplinary course examining selected issues and policies in the area of rights and human development. Topics include subjects such as food security, access to water, income distribution and inequality, health and education.

INAF 5002 [0.5 credit]**International Development Policy**

Review of current political, social and economic issues in international development policy. Sample topics include international institutions and global governance, development assistance, economic liberalization, gender, the environment and natural resources, food security, crime and conflict.

INAF 5016 [0.5 credit]**Statistical Analysis for International Affairs**

Applications of statistics to international policy issues, using statistical software to understand and present large sample empirical information. Topics include describing data, presenting data, comparing variables and hypothesis testing, and basic multiple linear regression.

The delivery of this course will be online.

INAF 5017 [0.25 credit]**International Policymaking in Canada: Structure and Process**

Structure and policymaking processes of the Canadian government: the role of Parliament, the Prime Minister and Cabinet, central agencies, and departments involved in international and national security affairs; the application of theories of policymaking to international affairs.

INAF 5109 [0.5 credit]**Conflict Management: Theory and Evidence**

Evaluation of conflict management theory and practice in regional, interstate and intrastate conflict. Analyze the various dimensions of conflict management - including prevention, mitigation, and containment, as well as military engagement - and assess the efficacy of these approaches in contemporary case studies.

INAF 5200 [0.5 credit]**Peacebuilding and Reconstruction: Theory and Practice**

Complexities and challenges of contemporary peacebuilding, reconstruction and reconciliation after violent conflict. Critical evaluation of post-war political, social, legal, and security arrangements and institutions for preventing violence and enhancing long-term peace and stability in war-torn societies. Includes: Experiential Learning Activity

INAF 5201 [0.5 credit]**Disarmament, Arms Control and Nonproliferation**

Origins, theory and practice, with a focus on so-called weapons of mass destruction and current controversies. Emphasis on treaty negotiation and implementation, including monitoring, verification, facilitation and enforcement of compliance.

Also listed as [IPIS 5301](#).

INAF 5202 [0.5 credit]**Contemporary International Security**

The evolving contemporary strategic and security environment, encompassing both traditional and non-traditional concepts. Topics include hegemony; the rise of new powers; terrorism; multilateralism; human security; and new security threats, including climate change.

Also listed as [IPIS 5302](#).

The delivery of this course will be online.

INAF 5204 [0.5 credit]**Intelligence and International Affairs**

Advanced introduction to the study of intelligence from an academic perspective, how it is conducted, its role and limits in democratic states. Topics include: the intelligence cycle; intelligence collection and analysis; intelligence and policy relationships; intelligence accountability and control; and international liaison and cooperation.

Also listed as [IPIS 5303](#).

The delivery of this course will be online.

INAF 5224 [0.5 credit]**Intelligence and National Security**

The function and purpose of intelligence and activities of intelligence agencies in relation to contemporary national security challenges faced by Western democratic states; role of intelligence in strategic and operational warning, decision-making, and the policy, legal and ethical dimensions of intelligence and national security.

Also listed as [IPIS 5304](#).

INAF 5401 [0.5 credit]**International Financial Institutions and Policy**

Institutional arrangements, international financial flows, and critical events in international finance; development and operation of international financial institutions, and how they have shaped modern financial markets, events, and policy.

INAF 5459 [0.5 credit]**Selected Topics in International Economic Policy**

Includes: Experiential Learning Activity

INAF 5509 [0.5 credit]**Law, Politics, and Economics in International Affairs**

Linkages and differences between the disciplines of law, political science and economics as they relate to international affairs. How underlying assumptions of each discipline affect the way different issues in international affairs are considered.

INAF 5707 [0.5 credit]**Complex Humanitarian Emergencies**

The causes and consequences of complex humanitarian emergencies, their impact on civilians and the responses of international and national actors. Critical review of policy responses of the international community - including donor governments, multilateral organizations, the military and non-governmental organizations.

Courses offered in Winter 2023:

INAF 3002 [0.5 credit]

Applied Policy in a Global Context

Applications of policy analysis to specific international problems with an emphasis on institutions, multiple levels of governance, the role of non-governmental actors, and complex interconnected policy issues. Cases are drawn from international problems such as security, economics, development, the environment, migration, and health.

The delivery of this course will be online.

INAF 4201 [0.5 credit]

Topics in Security and Intelligence

An interdisciplinary course examining selected issues and policies in the area of security and intelligence. Topics include subjects such as intelligence oversight and privacy, comparative defence and security policy, terrorism, and counterterrorism.
