

ACCELERATED PATHWAY – BGIInS/BPAM Undergraduate Program

This document is to facilitate student planning. The definitive guide to the NPSIA Program is Carleton's Graduate Calendar: <https://calendar.carleton.ca/grad/gradprograms/internationalaffairs/>. It is the student's responsibility to ensure their degree requirements are met. We recommend that students fulfill their degree requirements as early as possible; this prioritisation of required courses is reflected in the pathway sequence outlined below.

Coursework Option

Undergrad Year Three	<i>Apply to Accelerated Pathway Requirement of A- in Undergraduate Program</i>	
Undergrad Year Four Fall	INAF Course of Student's Choosing [0.5] <i>Required Grade of B+ or above</i>	0.5 credits
Undergrad Year Four Winter	INAF Course of Student's Choosing [0.5] <i>Required Grade of B+ or above</i> <i>Completion of Micro- and Macro Economics Prerequisites</i>	0.5 credits
Acceptance to NPSIA Advanced Standing granted for 1.0 INAF credits		
Year One Fall	Required INAF 5016 [0.5] Statistical Analysis for International Affairs INAF 5017 [0.25] Policy Process and International Affairs INAF 5018 [0.25] Law and International Affairs <i>Language requirement completed as early as possible</i>	1.0 credits
	Optional INAF Course of Student's Choosing - Field or Elective [0.5]	0.5 credits
Year One Winter	Required INAF Economics Course [0.5] <i>NB: Students cannot enroll in their mandatory economics course without proof that they have completed their economics prerequisite.</i> <i>NB: Students need to complete the required 1.5 fall/winter credits in year one to be eligible to apply for co-op for summer.</i>	0.5 credits
	Optional INAF Courses of Student's Choosing - Field or Elective	0.5-1 credits
Year One Spring/ Summer	INAF Courses of Student's Choosing - Field or Elective Potential COOP	Remaining 1.5-2.5 credits
Year Two Fall	INAF Courses of Student's Choosing - Field or Elective Potential COOP	

TOTAL		5.0 credits

NPSIA Program Completion Checklist	Satisfied
Language Requirement	
INAF 5016 – Required Statistics Class [0.5 credit]	
INAF 5017 - Required Policy Class [0.25 credit]	
INAF 5018 - Required Law Class [0.25 credit]	
INAF Economics Requirement [0.5 credit]	
Minimum 3.5 INAF Course Credits (includes required courses)	
Field Designation (if student chooses) at least 1.5 credits in the chosen field	
Specialisation (if student chooses) requirements fulfilled <i>See pathways for each specialisation</i>	
For Non-NPSIA Courses – pre-authorization by Associate Director required: • All non-NPSIA courses must meet criteria – see FAQs • No more than 1.5 credits from courses from other departments • No more than 1.0 credit from a single department outside NPSIA	
No lower than a B- grade in any course credited to their MA program. NB If students receive grades C+ or lower in two or more courses, they will be <i>withdrawn from the NPSIA program</i> .	
Full Time Students: Completion of degree requirements within two calendar years; each coop term extends this time limit by one term.	
Part Time Students: Completion of degree requirements within six calendar years (terms of non-registration are counted within this six-calendar year time frame). <i>Part time students must register for a minimum of one term in three and must successfully complete INAF 5016, INAF 5017, INAF 5018 and their economics course requirement within their first 2.5 program credits.</i>	
Credits add up to 5.0 credits
