Selected Issues in Political Economy II

“The Political Economy of Social Change”

This course moves from questions of theory to those of practice on the building of future progressive, redistributive, eco-sustainable societies in the here and now. Course readings and discussion includes Marxists, economic historians, feminists, anthropologists, environmentalists and social activists.

Instructor:

Dr. Richard Westra

Visiting Professor, Institute of Political Economy

Schedule:

January to April 2016
