

## IPE Elective Form

Students need to complete electives as part of their program requirements. If you are interested in a course that is not listed on the IPE website as an approved elective for the program, you can fill in this form and must also attach the course syllabus (past syllabus or draft is acceptable) for review. The form is to be completed for each course and sent by email to [political.economy@carleton.ca](mailto:political.economy@carleton.ca) where your request will be reviewed. Note that responses are not immediate and you should typically be requesting approval the term prior to taking the course.

Courses that are completed will show up as “Extra to Degree” on your audit until just prior to graduation when they will be then be moved to your program requirements.
