Multi Tilt

Ideal for offices.

The airCentric combines a sophisticated aesthetic with modular design, full adjustability and airflow comfort. The back and seat are constructed with 66 honeycomb ventilation holes in the foam, designed to allow airflow throughout the entire chair. The honeycomb design ensures maximum strength in the back and seat while maintaining optimal ergonomic support.

Specifications

Backrest:
- 5” patented back height adjustment system
- Plastic back cap with airflow vents
- Proprietary airflow molded polyurethane foam
- Front upholstered dual curve backrest (19”w x 24”h)

Seat:
- Dual density molded polyurethane foam
- Seat pan (20”w x 19”d)

Multi Tilt mechanism:
- Infinite lock free float
- Back angle adjustment
- Adjustable spring tension
- Infinite forward tilt lock out
- 2 1/2” depth adjustable seat slider

Pneumatic lift (seat height):
- 125mm (16”-21 1/4”)

Base:
- 26” glass reinforced base
- 5 dual wheel nylon casters (for carpets)

Arms:
- Swivel arm rest with oval tube polyurethane arm pad

Saffron R

Tall-Back (17"w x 21"h), Dedicated Task
Ideal for offices.

The Saffron R is the standard office chair on the
OPS Seating VOR and is the most cost effective
solution for ergonomic task seating.

The dual curve of the backrest provides the back
with full lumbar and lateral support. The Swivel Arm
Rests allow for a variety of workers to use the Saffron R
due to its ability to adjust into a variety of positions.

Specifications

Backrest:
- Fully upholstered dual curve backrest (17"w x 21"h)
- 5° of Ratchet back height adjustment

Seat:
- Molded polyurethane high resilient foam
- Seat pan (20"w x 19"d)

Dedicated Task mechanism:
- Independent back angle adjustment
- Seat angle adjustment

ergoForce

Dedicated Task

Ideal for enforcement officers.

The unique design of the ergoForce backrest accommodates the uniform requirements of professionals who wear a work belt. The design allows the user to wear their belt when seated while providing them the freedom of movement required. The ergoCentric+Guard™ strip on the seat and back is abrasion resistant to protect against tears and wearing from duty belts.

Specifications

Backrest:
- 5" patented back height adjustment system
- Fully upholstered dual curve backrest (21"w x 26"h)

Seat:
- Dual density molded polyurethane foam
- Seat pan (20"w x 19"d)

Little Person Chair

Accommodating diversity.

The Little Person Chair provides proper ergonomic support for short-statured people.

The contoured seat and curved back provide superior ergonomic support and comfort, which allows for proper circulation and reduces strain on the legs and back.

Specifications

Backrest:
- Fully upholstered dual curve backrest
  (15 ½"w x 13 ½"h)

Seat:
- Molded polyurethane high resilient foam
- Seat pan (15 ¾"w x 14"d)

Apt mechanism:
- Independent back angle adjustment
- Seat angle adjustment
- Seat height

Pneumatic lift (seat height):
- 70mm (12"-14 ¾")

Base:
- 24" glass reinforced base

Arms:
- Swivel arm rest with oval tube polyurethane arm pad
Plus Size, Multi Tilt

Up to 350 lbs.

The eCentric Executive series is designed to provide exceptional cushioned comfort with the ergonomic support required in a variety of office environments.

Versatile and adjustable, the eCentric Executive's durable design and pleasing aesthetic make the chair well suited for executive and management offices, boardrooms and conference rooms.

Specifications

Backrest:
- 5" patented back height adjustment system
- Fully upholstered dual curve backrest (21"w x 26"h)

Seat:
- Dual density molded polyurethane foam
- Seat pan (22"w x 21"d)

Multi Tilt mechanism:
- Infinite lock free float
- Back angle adjustment
- Adjustable spring tension
- Infinite forward tilt lock out
- 2 ¼" depth adjustable seat slider

Pneumatic lift (seat height):
- 125mm (18 3/8"-23 1/8")

Base:
- 27" glass reinforced nylon high profile base
- 5 dual wheel nylon casters 2 (for carpets)

Arms:
- Swivel arm rest with oval tube polyurethane arm pad

Ontario Public Service | Vendor of Record Arrangement | OSS - 00510687 1a - General Office Chairs
Bariatric Task Chair

Up to 500 lbs.

Warranted up to 500 lbs, the ergoCentric Bariatric Task Chair offers the flexibility of custom seat and back sizes as well as arm heights to provide precise support and comfort for the user.

The contoured seat and curved back provide superior ergonomic support and comfort for multiple task work. The Bariatric Task mechanism uses only one set of controls to adjust two heavy duty task mechanisms working in tandem to provide back angle, seat height, seat tilt and side tension adjustments. Each adjustment control is easily accessible to the user from the side of the chair.

Specifications

Backrest:
- Customized upholstered backrest
- 2 back bar supports
- Width range 20"-28"
- Height range 22"-28"

Seat pan:
- Width range: 24"-34"
- Depth range: 16"-24"

Bariatric Task mechanism:
- 2 heavy duty adjustment controls that work in tandem
- Back angle adjustment
- Seat height
- Seat tilt
- Adjustable spring tension

Pneumatic lift (seat height):
- High pressure, high capacity cylinder (12"-22 ¾")

Base:
- 30" steel base
- Bariatric heavy duty casters

Arms:
- Bariatric Task arms

ecoCentric™
Stacker

Durable and supportive.

The ecoCentric Stacker offers superior support in plastic seating. With its modular construction and available options, the ecoCentric Stacker is well suited for private offices, waiting and eating areas, classrooms and auditoriums.

Ideal for settings that require occasional seating, the dual curve design of the back structure offers subtle lumbar support while the dual curved seat reduces pressure on the seat bones and improves circulation.

Specifications
Backrest:
  • Dual curve backrest with black plastic back cap
Seat:
  • Dual curve waterfall black plastic seat
Frame:
  • Kick back legs for stability
  • Sloped nylon arms (optional)
  • Black textured semi-gloss powder coat paint

Additional options and standard features of ergoCentric seating

**Standard seat** - All task chairs come with a standard seat 20"w x 19"d

**Air lumbar** - Built into the back height adjustment paddle, the easy to reach and operate lumbar support is activated by simply squeezing the air pump. The air pump allows various pressure options for exact lateral lumbar support.

**Standard pneumatic lift** - The 125 mm pneumatic lift is the standard lift on all task chairs other than bariatric and petite chairs and has a range of 125 mm (5").

**NOTES:**
- To indicate a Heavy Duty Pneumatic Lift, add HD at the end of the option product code.
- Height ranges vary slightly depending on chair series selected.
The ergoCentric advantage

Unique serial number system

Every ergoCentric chair has its own serial number affixed under the seat and that number is entered into our database, noting the specifications of the chair, as well as any customizations. This system allows you to easily manage your facility, and makes reordering chairs and parts simple, while allowing us to quickly attend to any required warranty work.

Warranty

Lifetime:
- Original purchaser
- Defects and functional failure of materials up to a weight of 300 lbs
- With the following exceptions:

All include labour costs
For full warranty terms and conditions, please visit ergocentric.com/warranty
Warranty claims can be made directly to ops@ergocentric.com
Committed to quality designs and environmental protection

Responsible manufacturing

ergoCentric has received GREENGUARD® Gold certification for indoor air quality for our chair series, the most stringent emissions criteria for office furniture products. ergoCentric's commitment to environmental protection is a natural product of our concerns for workplace health and safety.

ergoCentric has also achieved the BIFMA e3 Furniture Sustainability Standard. e3 considers how sustainable a product is from multiple perspectives, including the company's social actions, energy usage, material selection and human and ecosystem impacts.

Quality assurance

All ergoCentric seating is tested to meet or surpass North American quality standards.
