

Who are the Canadian environmental charities?

By Mark Blumberg (February 9, 2014)

There has been a lot of media coverage recently about environmental charities in Canada. We thought it might be helpful to try and see how many environmental registered charities there are in Canada.

We recently reviewed the T3010 information for 2012. The database was prepared by the Charities Directorate of CRA in December 2013 and covers about 84,000 charities of the approximately 86,000 Canadian registered charities and their 2012 T3010 returns.

Charities are asked each year as part of their T3010 Registered Charity Information Return filing to note “up to three of the most significant areas that adequately describe the charity’s programs during the fiscal period”.

The following codes used by CRA relate to the environment:

- G1 Nature, habitat-conservation groups**
- G2 Preservation of species, wildlife protection**
- G3 General environmental protection, recycling services**

We have used those categories to try understand the number of Canadian registered charities that are working in the environmental area. Also keep in mind that many charities may be involved in environmental work but it is not within the top 3 program areas for the charity. Also see the caveats about T3010 data at the end of this note.

When we reviewed the T3010 from 2012 about 1150 registered charities identify themselves as carrying on some work in the three environmental areas.

www.globalphilanthropy.ca

We have compiled a list below of charities that identify that they work in one of the 3 environmental areas – please note that there is a lot of duplication as many of the charities work in one or more of the three areas.

As a note here is a complete copy of the field codes if you are wondering what the other non-environmental codes mean:

<http://www.cra-arc.gc.ca/chrts-gvng/chrts/prtng/rtrn/flcd-eng.html>

“Program areas and field codes

Use the list below to choose up to three of the most significant areas that adequately describe the charity’s programs during the fiscal period. In the space provided on the Registered Charity Basic Information Sheet (TF725), enter the description and field code (for example, Nursing homes - F2), as well as the estimated percentage of total time and resources (human/financial) used in each area.

If the charity is funding [qualified donees](#), use the "Other" category and write "funding qualified donees." If you cannot find a suitable area, use the "Other" category and describe the program.

Note

If the charity plans to engage in new activities, we recommend contacting the [Charities Directorate](#) to make sure the new activities are charitable.

Social services in Canada

- A1 - Housing (seniors, low-income persons, and those with disabilities)
- A2 - Food or clothing banks, soup kitchens, hostels
- A3 - Employment preparation and training
- A4 - Legal assistance and services
- A5 - Other services for low-income persons
- A6 - Seniors' services
- A7 - Services for the physically or mentally challenged
- A8 - Children and youth services/housing
- A9 - Services for Aboriginal people
- A10 - Emergency shelter
- A11 - Family and crisis counselling, financial counselling
- A12 - Immigrant aid
- A13 - Rehabilitation of offenders
- A14 - Disaster relief

International aid and development

- B1 - Social services (any listed under A1-A13 above)
- B2 - Infrastructure development

- B3 - Agriculture programs
- B4 - Medical services
- B5 - Literacy/education/training programs
- B6 - Disaster/war relief

Education and research

- C1 - Scholarships, bursaries, awards
- C2 - Support of schools and education (for example, parent-teacher groups)
- C3 - Universities and colleges
- C4 - Public schools and boards
- C5 - Independent schools and boards
- C6 - Nursery programs/schools
- C7 - Vocational and technical training (not delivered by universities/colleges/schools)
- C8 - Literacy programs
- C9 - Cultural programs, including heritage languages
- C10 - Public education, other study programs
- C11 - Research (scientific, social science, medical, environmental, etc.)
- C12 - Learned societies (for example, Royal Astronomical Society of Canada)
- C13 - Youth groups (for example, Girl Guides, cadets, 4-H clubs, etc.)

Culture and arts

- D1 - Museums, galleries, concert halls, etc.
- D2 - Festivals, performing groups, musical ensembles
- D3 - Arts schools, grants and awards for artists
- D4 - Cultural centres and associations
- D5 - Historical sites, heritage societies

Religion

- E1 - Places of worship, congregations, parishes, dioceses, fabriques, etc.
- E2 - Missionary organizations, evangelism
- E3 - Religious publishing and broadcasting
- E4 - Seminaries and other religious colleges
- E5 - Social outreach, religious fellowship, and auxiliary organizations

Health

- F1 - Hospitals
- F2 - Nursing homes
- F3 - Clinics
- F4 - Services for the sick
- F5 - Mental-health services and support groups
- F6 - Addiction services and support groups
- F7 - Other mutual-support groups (for example, cancer patients)

F8 - Promotion and protection of health, including first-aid and information services

F9 - Specialized health organizations, focusing on specific diseases/conditions

Environment

G1 - Nature, habitat conservation groups

G2 - Preservation of species, wildlife protection

G3 - General environmental protection, recycling services

Other community benefits

H1 - Agricultural and horticultural societies

H2 - Welfare of domestic animals

H3 - Parks, botanical gardens, zoos, aquariums, etc.

H4 - Community recreation facilities, trails, etc.

H5 - Community halls

H6 - Libraries

H7 - Cemeteries

H8 - Summer camps

H9 - Day care/after-school care

H10 - Crime prevention, public safety, preservation of law and order

H11 - Ambulance, fire, rescue, and other emergency services

H12 - Human rights

H13 - Mediation services

H14 - Consumer protection

H15 - Support and services for charitable sector

Other

Limitations and Caveats

There are a number of cautions in dealing with the information from the T3010. You can access on the CRA website directly information on each Canadian registered charity at:

<http://www.cra-arc.gc.ca/charities/>

As well, Imagine Canada has created a website, with funding from the CRA, which utilizes T3010 and other information at www.charityfocus.ca This website is well worth visiting.

We have placed various statistical information from charities and CRA on our website at:

http://www.globalphilanthropy.ca/index.php/blog/category/canadian_charity_statistics.com

All information in this note is provided “as is”.

- 1) The data in this note is based on the 2012 T3010 Registered Charity Information Return filings. Although all charities are supposed to file their T3010 within 6 months of their fiscal year end, some registered charities file their return late. In some cases they do not file at all and then will lose their charitable status eventually. Depending on the dataset from CRA not every charity may have filed their T3010 or CRA may have received the T3010 but not yet inputted it.
- 2) Registered charities complete the T3010 and one person signs the form. The T3010 information is not independently verified by CRA when it is posted on the CRA site or placed in the CRA database.
- 3) Although an important legal document, the T3010 is often completed by volunteers or others who may have little understanding of the nuances of the Income Tax Act, who may have limited language skills, and who may not have easy access to the correct information and are often in a hurry to file the form to avoid deregistration. In the case of larger institutions who would generally be those who are hiring people with higher salaries the likelihood is greater than the average that the information will be accurately prepared by the institution and its accountants or finance staff. It is a good idea especially for larger charities for different parts of the charity to review the T3010 closely such as finance, program staff, fundraising etc. although sometimes this does not happen.
- 4) The T3010s are filed with CRA and in many cases needs to be coded by hand at CRA which can also introduce mistakes. Only a small number of T3010s have 2D bar code technology

www.globalphilanthropy.ca

which will eliminate most processing errors on CRA's part. Canadian charities still cannot electronically file the T3010.

5) In some cases those completing the T3010 for a charity are deliberately deceptive. For example, an organizations knows that it has substantial fundraising or political expenses but chooses to put them under charitable etc. Or an organization claims pharmaceuticals that it can purchase for \$50,000 are really worth \$50 million.

6) Don't rely on any of this information without checking with the charity and appropriate due diligence as required.

7) The T3010 is a tax form completed according to guidance provided by the CRA in a Guide ([T-4033](#)) and also various other CRA guidances and policies. The information inputted may not conform to Generally Accepted Accounting Principles (GAAP) and many not match what is in a financial statement. You can obtain copies of financial statements, whether audited or not, on any registered charity by requesting the financial statements from CRA. These financial statements are filed with CRA, but not placed on the CRA website, and they sometimes add further important information.

8) The T3010 asks certain questions. Many important questions [are not asked on the T3010](#). Furthermore and most shockingly [CRA is prohibited from releasing any information on the approximately 80,000 – 100,000 non-profits that are not registered charities and that file the T1044 Non-Profit Information Return](#).

9) Relying on the T3010 to make decisions on whether a charity is efficient, effective, or worthwhile to support is prone to failure. We have established a website at www.smartgiving.ca which discusses in detail questions donors may want to ask before donating to charity. Also we have prepared an article on [how much should a charity spend on overhead](#).

This analysis was prepared as part of the Sean Blumberg Transparency Project.

Mark Blumberg is a lawyer at Blumberg Segal LLP in Toronto, Ontario. He works almost exclusively in the area of non-profit and charity law. To find out more about legal services that Blumbergs provides to charities and non-profits please visit www.canadiancharitylaw.ca or www.globalphilanthropy.ca
