

## Community Foundations sorted by alphabetical order

**By Mark Blumberg (June 2, 2013)**

We recently reviewed the 2011 T3010 Registered Charity Information Return database for information on community foundations that are part of the Community Foundations of Canada. This research was done as part of the Sean Blumberg Transparency Project.

This list has the community foundations in Canada sorted in alphabetical order.

The Sean Blumberg Transparency Project is in memory of my youngest brother Sean Blumberg. Sean was a sweet, kind person, a great brother who helped me on a number of occasions with many tasks including the time consuming and arduous task of reviewing T3010 databases and making them into something useful. As part of the Sean Blumberg Transparency Project, Blumbergs will be releasing information on the Canadian charity sector to provide a better understanding of the size, scope, complexity and challenges of the sector.

Please review the caveats at the end about the reliability and usage of T3010 information.

Thank you to Celeste Bonas, an intern at Blumbergs, for helping with this project and to my late brother Sean for being such an inspiration.

## Limitations and Caveats

There are a number of cautions in dealing with the information from the T3010. You can access the CRA Charities Listing database directly on the CRA website at: <http://www.cra-arc.gc.ca/charities/> As well, Imagine Canada has a website with a tremendous amount of T3010 information at [www.charityfocus.ca](http://www.charityfocus.ca)

- 1) The data in this note is based on the 2011 T3010 Registered Charity Information Return filings. Although all charities are supposed to file their T3010 within 6 months of their fiscal year end, some charities file late or do not file at all and then will lose their charitable status. Depending on the data set from CRA not every charity may have filed their T3010 or been inputted yet.
- 2) Registered charities complete the T3010 and one person signs the form. The T3010 information is not independently verified by CRA when it is posted on the CRA site or placed in the CRA database.
- 3) Although an important legal document, the T3010 is often completed by volunteers or others who may have little understanding of the nuances of the *Income Tax Act* (Canada), limited language skills, may not have easy access to the correct information or are in a hurry to file the form to avoid deregistration. In the case of larger institutions it is typically accountants or finance staff who prepare the T3010. One would expect greater accuracy with the larger institutions. However, as they also tend to be more complicated and involve bigger numbers the likelihood of a significant inaccuracy in their T3010 filings is great.
- 4) The T3010s are filed with CRA and in many cases needs to be coded by hand at CRA which can also introduce mistakes. Only a small number of T3010s have 2D bar code technology which can eliminate most processing errors on CRA's part. Canadian charities still cannot electronically file the T3010.
- 5) In some cases those completing the T3010 for a charity are deliberately deceptive when completing the T3010. For example, an organizations knows that it has substantial fundraising or political expenses but chooses to put them under charitable activities. Or an organization claims pharmaceuticals that it can purchase for \$50,000 are really worth \$50 million.
- 6) Don't rely on any of this information without checking with the charity and appropriate due diligence as required.
- 7) The T3010 is a tax form which is supposed to be completed according to guidance provided by the CRA in [Guide Completing the Registered Charity Information Return \(T-4033\)](#) and also various other CRA guidances and policies. The information inputted may not conform to Generally Accepted Accounting Principles (GAAP) and many not match what is in a financial statement. You can obtain copies of financial statements,

[www.canadiancharitylaw.ca](http://www.canadiancharitylaw.ca)

whether audited or not, on any registered charity by requesting the financial statements from CRA. These financial statements are filed with CRA but not placed on the CRA website and they can sometimes add further information.

8) Some questions on the T3010 or more prone to error than others. Some questions are complicated, while others are quite straightforward. Some matters are easily quantifiable like value of receipts, while others require allocation and other subjective measurements. Some questions, like revenue, are answered by almost every charity and if a charity makes a mistake the likelihood is that such a mistake will not have much impact on the bigger picture. On the other hand some numbers like political expenditures by Canadian charities are often incorrectly completed and even one or two charities by mistakenly inserting large numbers in this category can distort the picture.

9) The T3010 asks certain questions. Many important questions are not asked on the T3010. Relying on the T3010 to make decisions on whether a charity is efficient or worthwhile to support is prone to failure. We have established a website at [www.smartgiving.ca](http://www.smartgiving.ca) which discusses in detail questions donors may want to ask before donating to charity.
