Scanning the Horizon
Education City is a pilot project of the four PSE institutions in Ottawa:

- Algonquin College
- Carleton University
- College La Cité
- University of Ottawa

Its purpose is to serve as a “living lab” for a collaborative model of education delivery.
Began as a proposal in all four institutions’ submissions for the 2017-2020 SMAs

Ministry provided $800K in funding over two years

Subsequently, $5M funding for the David C. Onley Initiative supporting employment and enterprise development for students with disabilities at all Ottawa PSE institutions was linked to Education City
Commitment to Ministry relates to four objectives:

1. Joint promotion of Ottawa as an education destination
2. Joint diploma/degree programming with laddering between qualifications
   | Flexible pathways to provide more personalized learning
3. Network of joint research shops
   | To provide project-based, experiential learning
4. Embedding Indigenous ways of knowing
   | In collaboration with Indigenous communities
Some Themes from the Proposal

- Leveraging our location and unique strengths
- New ways of teaching
- Joint programming
- Increasing transferability opportunities
- Flexible, personalized delivery and career pathways
- Stackable, non-degree credentialed offerings
- Increasing connections to work-integrated learning
