

## PSYC 2001 C : INTRODUCTION TO RESEARCH METHODS IN PSYCHOLOGY

Term	Fall 2024
Course Delivery	In-person
Email Address	<a href="mailto:christinepolihronis@cunet.carleton.ca">christinepolihronis@cunet.carleton.ca</a>
Office Location	Online (Zoom)
Office Hours	Thursday 4-5pm

### COURSE DESCRIPTION/INSTRUCTOR'S STATEMENT

This course will introduce students to the fundamentals of conducting, evaluating, and consuming research in psychology. Students will learn how research studies are designed through an exploration of common research methods, tools, research designs, and ethical considerations used in contemporary psychological research. Students will also gain experience interpreting basic descriptive statistics.

### EVALUATION

Evaluation will be based on online quizzes (Inquizitive), in-class tests (best 2 out of 3 tests) and one final exam. Students can also receive up to 4% bonus for participating in psychology research studies (SONA).
