### COURSE DESCRIPTION/INSTRUCTOR'S STATEMENT

A combination live lecture and seminar format course that considers the “human factor” in the design of systems that people use. The first half of the course will be in live lecture format while the second half of the course will consist of student-led seminars on course-related topics selected by the student (and approved by Dr. Tansley).

### EVALUATION (SUBJECT TO CHANGE)

Midterm exam 30% of course grade

In-class Oral Presentation 35% of course grade

Term paper on oral presentation topic (3000-5000 words) 35% of course grade
