Cyclical Review of the graduate and undergraduate programs
in English
Executive Summary and
Unit Response to External Reviewers’ Report & Implementation Plan

This Executive Summary and Final Assessment Report of the cyclical review of Carleton's graduate and undergraduate programs in English are provided pursuant to the provincial Quality Assurance Framework and Carleton's Institutional Quality Assurance Process (IQAP).

EXECUTIVE SUMMARY

The graduate and undergraduate programs in English reside in the Department of English Language and Literature, a unit administered by the Faculty of Arts and Social Sciences.

As a consequence of the review, the programs were categorized by Carleton University's Senate Quality Assurance and Planning Committee (SQAPC) as being of good quality. (Carleton's IQAP 7.2.13-7.2.14).

The External Reviewers’ report offered a very positive assessment of the programs. Within the context of this positive assessment, the report nonetheless made a number of recommendations for the continuing enhancement of the programs. These recommendations were productively addressed by the Chair of the Department of English Language and Literature, the Dean of the Faculty of Arts and Social Sciences and the Dean of the Faculty of Graduate and Postdoctoral Affairs in a response to the External Reviewers’ report and Implementation on Plan that was submitted to SQAPC on September 8th, 2022.

UNIT RESPONSE TO EXTERNAL REVIEWERS’ REPORT & IMPLEMENTATION PLAN

Note: This document is forwarded to Senate, the Quality Council and posted on the Vice- Provost’s external website.

Introduction & General Comments

Please include any general comments regarding the External Reviewers’ Report.

The English Department was pleased to receive such a thorough and positive review of its programs. This report was shared with faculty and staff in the department and we look forward to implementing the relatively modest changes noted by the reviewers. The unit response and implementation plan have been developed in consultation with ODFASS.
For each recommendation one of the following responses must be selected:

**Agreed to unconditionally**: used when the unit agrees to and is able to take action on the recommendation without further consultation with any other parties internal or external to the unit.

**Agreed to if additional resources permit**: used when the unit agrees with the recommendation, however action can only be taken if additional resources are made available. Units must describe the resources needed to implement the recommendation and provide an explanation demonstrating how they plan to obtain those resources. In these cases, discussions with the Deans will normally be required and therefore identified as an action item.

**Agreed to in principle**: used when the unit agrees with the recommendation, however action is dependent on something other than resources. Units must describe these dependencies and determine what actions, if any, will be taken.

**Not agreed to**: used when the unit does not agree with the recommendation and therefore will not be taking further action. A rationale must be provided to indicate why the unit does not agree (no action should be associated with this response).

**Calendar Changes**

If any of the action items you intend to implement will result in calendar changes, please describe what those changes will be. To submit a formal calendar change, please do so using the Courseleaf system.

**Hiring**

Where an action item requires additional hiring (faculty or staff) the owner should at minimum include the Dean of the faculty and member of the unit.

<td>1. That the University consider the long-term effect on all the English programs of no recent hires Assistant Professor level. (Weakness)</td>

<td><strong>3.</strong> That graduate students are able to take a balanced course of combined seminars and graduate dedicated seminars. (Concern)</td>
<td><strong>Agreed to unconditionally.</strong> We need to strike a balance between our range of course offerings and the number of dedicated graduate seminars. Recruitment requires us to offer a range of courses, but the realities of staffing and enrolments limit that range.</td>
<td>This will be a topic of discussion at our upcoming faculty retreat and will be factored into upcoming course assignments. The Chair may undertake to reduce the number of “piggybacked” courses if possible, or to increase the proportion of graduate to undergraduate seats in such courses.</td>
