Process Review

In cases where the immigration status of an international student, who had previously been exempt from international tuition fees, changes part way through his/her program of study due to circumstances beyond their control (e.g., the dependent of a diplomat whose parent is reassigned to another country) grandparenting provisions maybe warranted. For students who meet the criteria and can substantiate their claim their exemption from international tuition fees will continue until the completion of that program, at which time the grandparenting provision will end. Requests of this nature are reviewed on a case by case basis by either the Undergraduate Registrar’s Office or the Faculty of Graduate and Postdoctoral Affairs in consultation with the Office of Institutional Research and Planning.
