Ph.D. Doctoral Proposal Committee (COMP 6908)

This committee, established by the thesis supervisor and approved by the Graduate Director should be comprised of three to five faculty members and must include at a minimum: the thesis supervisor, one OCICS member from Ottawa U and one additional OCICS member from SCS. It is strongly suggested that a faculty member from another department at the home university be included, as this will be a requirement for the thesis defence committee. The committee must be established before the end of the 5th term and before the student registers in the Doctoral Proposal (COMP 6908).
