

Data Visualization / Dashboard Developer

Description:

Forrest Green is looking for a student who is looking to gain experience in the Computer Science industry by working part-time creating dashboards and other various data visualizations. This student needs to be able to work 10 hours per week in our offices. We are open Monday through Friday between 8:30am and 4:30pm. There is also a possibility of this position continuing in to the summer. Preference will be given to students currently completing a degree in Computer Science, Mathematics, IT, or Engineering so as to provide hands-on experience in their field. The student should also have an interest in analyzing data, building relationships, and a willingness to work hard.

There is no specific deadline to this application as we are constantly receiving new clients that need data visualization tools built for their teams. If the student can only come into the office a few hours each week while also pursuing more hours in the summer there is flexibility to the work that needs to be done.

Pay Information:

Remuneration for the position is \$15.00 to \$20.00 per hour depending on experience.

Biography:

The Forrest Green Group of Companies was created in 1987 and has worked in the big data, web development and application development fields for more than 30 years. We leverage eLearning with certificates as the cornerstone of all solutions. We have two offices in Ontario, one located in Nepean and a headquarters in Richmond Hill.

Job Duties:

- Creating Dashboards using variable sized data sets;
- Work with tools such as Microsoft Power BI, Tableau or open source tools such as Python;
- Gain experience in a business atmosphere;
- Customer Service calls;
- Flexibility with multiple types of clientele.

Contact information:

If you are interested in this opportunity please send an email with a resume or CV to Brandon Guilmette, Ottawa Office Manager.

Brandon can be reached by email at bguilmette@forrestgreen.com. He can also be reach by telephone at (613) 274-0000 x104 if you have any questions.

We look forward to including a new member to our team!
