

Bachelor of Cybersecurity (B.Cyber.) Course Map -- suggested

	1st Year	2nd Year	3rd Year	4th Year
Fall	COMP 1405 Z	COMP 2109 A	CSEC 3108	COMP 3008 A
	COMP 1406 Z	COMP 2402 A	COMP 3004 A	CSEC 4300
	COMP 1805 A	COMP 2404 A	COMP 3203 A	CSEC 4900
	MATH 1007	STAT 2507	Free Elective	Elective*
	Free Elective	Free Elective	Free Elective	Free Elective
Winter	COMP 2401 A	CSEC 2108	CSEC 4000	CSEC 4100
	COMP 2406 A	COMP 2804 A	CSEC 4200	CSEC 4901
	MATH 1104	COMP 3000	Elective*	Free Elective
	Free Elective	Free Elective	Free Elective	Free Elective
	Free Elective	Free Elective	Free Elective	Free Elective

*Students must complete 1.0 credit from: COMP 3002, COMP 3301, COMP 4004, COMP 4203, MATH 2108.

Note: CO-OP Students should progress in their courses sequentially as listed above, but must **swap the courses scheduled for 3rd Year Winter and 4th Year Fall**.

Alternate Pattern - If you fail a course, particularly in the first year, please make an appointment with an undergraduate advisor to review your course sequencing.

Overview

Students are responsible for understanding their program requirements, regulations, and all course prerequisites as laid out in the [Undergraduate Calendar](#). Students may review their remaining program requirements by [running an Audit](#), and are encouraged to reach out to their [Undergraduate Advisors](#) with any questions they have.

To allow students to progress as a cohort, the “A” section of all COMP courses (e.g. COMP 1805 A, COMP 2401 A, etc.) required in your program will have reserved seating for students in the Bachelor of Cybersecurity program. Students are encouraged to take advantage of the reserved seating, and priority registration to remain in sections with their cohort.

Free Electives

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public Affairs, the Sprott School of Business and the Faculty of Science except for courses in the Prohibited Courses category. Free electives can include COMP, MATH and STAT courses.

Prohibited Courses

Prohibited courses **cannot be used for credit** in a Bachelor of Cybersecurity program and students may not use a prohibited course towards a minor. *Please always refer to the most recent [Undergraduate Calendar](#) for the **most up-to-date list of prohibited courses** and for all prerequisites and preclusions.*
