GENERAL - TRAINING IN TORONTO - Rev. Jan. 2018

Junior Data Scientist

FDM is currently hiring Junior Data Scientists to work with our large Canadian Banking client in the heart of the Toronto Financial District. Qualified applicants will thrive in fast-paced technical environments and have a strong attention to detail. We have an impressive global presence and encourage all employees to meet their full potential.

FDM is a global IT and business services provider with a dedication to technical excellence and professional development and over 200 prestigious clients around the world. Our award-winning training program helps build the required skills needed to become a successful IT specialist. As an FDM consultant, you enter the industry at a high level, already trained to our clients' specific systems and technologies.

Prior to working with our clients, successful candidates will receive intense technical and professional training in FDM's state-of-the-art Toronto centre in the heart of the financial district. You become an FDM employee from day one and are paid during the training period before placement on-site with our client.

As a **Junior Data Scientist**, you will design, develop and test a large-scale, custom distributed software system using the latest Java and Big data technologies. You will be a technology advocate and share expertise with other team members. You will be a key partner to the business and the rest of the team throughout the delivery cycle and will work through challenging and interesting problems. Fast-track career progression is a key focus of FDM, and our program will put you on a pathway that could grow into leadership roles working within multinational organizations.

Suitable candidates are encouraged to apply immediately at: https://www.fdmgroup.com/en-ca/ca-apply/

There is no better way to launch your career than with FDM! Learn more about FDM's career opportunities from our current Consultants and Alumni on the FDM YouTube channel: www.youtube.com/FDMGroupVideos

FDM is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, colour, religion, sex, sexual orientation, national origin, age, disability, veteran status or any other status protected by federal, provincial, or local laws.
