Junior Technical Business Analyst/Junior Technical Project Manager, Toronto

Do you thrive in fast-paced technical environments and have a strong attention to detail? Are you eager to have a career where you are encouraged to meet your potential and have the opportunity to work for a prestigious company with an impressive global presence?

FDM is currently seeking a number of ambitious and driven candidates with the aptitude for IT to work as FDM consultants with our top clients, many of which are leading companies in the banking and financial services industry.

FDM creates and inspires exciting careers that shape our digital future. Through our Careers Program, we recruit and train those aspiring to become IT and business professionals before deploying them on to client sites worldwide. With centres across Europe, North America and APAC, FDM has shown exponential growth throughout the years, firmly establishing itself as an award-winning FTSE 250 employer.

Junior Technical Business Analyst or Junior Technical Project Manager roles often involve access to business areas in major financial institutions, working on sensitive information and high profile projects, and gaining first-hand exposure to the trade lifecycle. The role is crucial in helping organizations with the accuracy and timely presentation of data, in line with internal process, governance, and regulatory requirements. These opportunities are perfect for those who are team players with strong analytical skills and an aptitude for fast learning.

What we offer you:

- Industry recognized training and qualifications
- Key skills development
- A minimum of two years commercial experience working with some of the world’s most reputable organizations
- Mentoring and on-going support throughout your career with FDM

Essential Criteria:

- 4 year degree (preferably in Computer Science, IT, Engineering, Mathematics, or similar)
- A strong aptitude in IT and the interest and drive to expand your IT skill set
- Previous experience Excel VBA, SQL, Unix
- Excellent communication and interpersonal skills
- A problem solver with a keen eye for detail
- A desire to work at a large financial firm and ability to increase your financial knowledge
- Able to engage yourself in a project and enjoy the challenges and processes involved
- Flexible, eager, ambitious, and adaptable to change
- Able to commit to work for FDM for a minimum of two years working as an FDM consultant following the training period
- Eligible to work in Canada (citizen/permanent resident/work permit with sufficient length of validity)
