

Participate in a study comparing how algorithms and humans evaluate performance

PLAY IN AN ESCAPE ROOM AND GET MONEY

Participants will be compensated \$5 for their participation and up to \$10 in cash based on their performance

This escape room will take approximately 30 minutes and it will take place in one of the Carleton's library study rooms. You will be asked to fill out a short questionnaire before and after the experiment.

In this study, you will be monitored through a webcam (there will be no video recording).

To participate in this study you must:

- Be a Carleton University student
- Be at least 18 years of age
- Be able to communicate in English
