INTRODUCTION
Carleton University recognizes the unique social needs of a large campus community and strives to provide an environment where these needs can be reasonably met. The University also strives to maintain a safe and secure environment in which the consumption of alcohol on campus does not harm or disrupt the teaching, learning, employment and living environment of members of the University community.

The University Alcohol Policy promotes self-responsibility and self-accountability with respect to the use of alcohol. Provision for the sale, service and consumption of alcoholic beverages on campus is a privilege accorded only to the extent that there is compliance with all internal rules and regulations of the University, legal requirements and ensuring a safe and secure environment. The University has the right and responsibility to manage the use of, and access to, its space to ensure that the University’s academic and non-academic activities, the safety of the community and facilities, and the University’s reputation are not compromised.

POLICY OBJECTIVES
This Policy has been developed to:

- Promote responsible attitudes and choices regarding alcohol use on campus;
- Respect the needs of those who are non-drinkers or underage;
- Promote awareness of the effects of the use and abuse of alcohol;
- Provide educational programs aimed at prevention of alcohol abuse;
- Discourage high-risk drinking behaviours and alcohol related practices through appropriate policies and procedures in the areas of prevention, intervention and discipline;
- Ensure the sale, service and consumption of alcohol does not harm or disrupt the teaching, learning, employment and living environment of members of the University community or its operations;
- Support legal and administrative policy requirements regarding the use of alcohol on campus; and
- Minimize reliance on alcohol-related sales and sponsorship.

SCOPE
This Policy is applicable to all members of the Carleton University community on campus, including students, faculty and staff, as well as visitors and guests.

New students will be provided with educational programming and materials that address the
consequences of at-risk drinking and provide strategies for harm reduction. These programs will be offered during Orientation week and throughout the academic year.

Health and Counselling Services will provide specialized educational programs for students who are experiencing problems because of their drinking behaviour. Individual counselling is available for students with addiction issues. Staff and faculty may access counselling through the Employee and Family Assistance program (EFAP).

Training – Orientation Week and Other Staff
Mandatory training on alcohol issues will be provided by the University each academic year to the following student groups:

- CUSA and RRRA staff (including but not limited to all staff at Oliver’s and Mike’s place)
- GSA staff
- Food Services staff
- Facilitators and volunteers for all orientation programs
- Residence Fellows
- Student Experience Office staff
- Athletic staff involved in serving alcohol

Training and Education – Working in Licensed Areas
All Carleton University managers, staff, and volunteers of organizations working on campus who are involved in the service of alcohol must meet all legislated training requirements, University training requirements and must apply for certification by a training program approved by the Alcohol and Gaming Commission of Ontario (e.g. “Smart Serve”) within thirty (30) days of commencing employment. This includes all staff from Food Services or Athletics who serve alcohol at campus events (Newly hired staff who have been certified within the previous 12 months of being employed can be exempt with proof of certification.). Prior to certification, new staff is to be supervised by certified staff.

APPENDIX “C”
APPROVAL CRITERIA – ALL AGES EVENTS

The following criteria must meet by students, student groups, or other individuals who are seeking to host an All Ages event on Carleton University property.

For the purpose of this document, an All Ages event is understood to be an event or function that is being hosted on campus and where alcohol will be served in a location where both underage participants and participants that are the age of majority will be present.

The University reserves the right to deny any request for an All Ages event in its sole discretion including but not limited to, where University officials have concerns about the purpose of the event, the event’s proposed plan of action, or where there are concerns for student safety.

Criteria

*Each of the following criteria must be met a minimum of 28 days before the event is to take place.*

1) Carleton University Risk Management Form must be fully completed and submitted to the Director, Risk and Insurance a minimum of twenty-eight (28) days in advance of the proposed event.

2) Along with the Risk Management Form, the event planner must submit a brief proposal outlining the purpose of the event, how the location will be physically divided for underage participants and age of majority participants, and what security measures will be taken to ensure alcohol is not transported between the two groups.

   **Note:** this proposal must be approved in advance by the person of authority (e.g., Oliver’s Manager) that has responsibility for the location where the event is to take place.

3) All Ages events will only be considered where the event is for the following purposes:
   a) a charity event which ends no later than 11:00 pm;
   b) a Carleton student group, club, or society event, where the event’s central purpose is in support of the group’s mandate, or it is for the purpose of increasing or promoting the group’s fellowship.

   Questions regarding these criteria or the approval process for a All Ages event should be directed to Carleton’s Director, Risk and Insurance.
APPENDIX “D”
RISK MANAGEMENT PROCESS AND COMMITTEE – TERMS OF REFERENCE

Purpose:
The purpose of this Committee is to assess and determine risk and approve or deny all “special events” as these activities or functions are defined in section H of the Alcohol Policy.

Membership:
   a. Director, Risk and Insurance (Chair)
   b. Director, Student Affairs
   c. Manager, Operations, Department of University Safety
   d. one undergraduate representative
   e. one graduate representative

Authority:
This Committee operates under the authority of the Vice-President (Students and Enrolment).

Principles:
1. Carleton University is committed to recognizing the rights of its members to gather, communicate, discuss and explore all ideas and to promote fellowship and community through the organization or sponsorship of a wide range of special events or activities that are for lawful and permitted purposes.

2. In the preparation, organization, and planning of special events, Carleton University and its members place a priority on student, staff and public safety.

3. Carleton University officials, departments, student associations, and individual students that are undertaking to organize a special event must be fully aware of their obligations under the following policies or procedures: the Alcohol Policy, the Student Rights and Responsibilities Policy, the Policy on the Accreditation of Student Groups, and Carleton’s Risk Management process and any other applicable policy.

Process:
1. Once the Risk Management Form has been fully completed, it will be distributed to the Risk Management Committee electronically and each of the members will be required to review the Form and submit their comments to the Director, Risk and Insurance.

2. In consultation with the Director, Risk and Insurance, University Safety will determine if additional uniformed or non-uniformed officers will be required beyond those normally providing safety and security on campus for the event. Where additional officers are required, the individual or organization sponsoring the event will be responsible for compensation for the additional safety-related staffing.
3. Should a proposed event require more in depth consideration as determined by the Director, Risk and Insurance, the Director shall call a meeting of the Committee to consider the proposal.

4. In the event the Committee has questions or requires modifications regarding the special event, these issues will be communicated by the Director, Risk and Insurance to the event organizers.

5. Once a special event is approved, it is the responsibility of the organizer to ensure that their event is implemented in manner that reflects the proposal that was submitted to the Committee.

6. Where there is an unacceptable risk to student or public safety, the Committee may deny the approval of an on campus event.

7. The Director, Risk and Insurance and/or the Department of University Safety are responsible for investigating and responding to actions or incidents at special events that are contrary to an event’s approved proposal, or that violate one of the University’s policies.

Appeals:
In the event approval of an event is denied by the Committee, the event organizers may appeal in writing to the VP (Students and Enrolment). The decision of the VP (Students and Enrolment) is final and not subject to appeal.
