Program Requirements

22. Graduation

22.1 Conferring of Degrees

On the recommendation of the Faculty of Graduate and Postdoctoral Affairs and with the approval of the Senate of the University, degrees are conferred by the Chancellor in the spring and fall of each year.

22.2 Application Deadlines

Candidates may have their degrees certified in February each year; they must apply by December 1. Students expecting to graduate at the Spring Convocation must apply for graduation in the Graduate and Postdoctoral Affairs office by April 1. Those expecting to graduate at the Fall Convocation must apply by September 1.

B. Credits Not Included in the Major CGPA (7.0 credits)

3. **7.0 credits in free electives**
   
C. Additional Requirements

4. The Language requirements must be met.

**Total Credits** 15.0

---

**New Resources**

No New Resources

**Summary**

Replaced ECON 1000 with ECON 1001 and ECON 1002. FYSM 1003 is also referenced as it has been accepted in the past in place of ECON 1000.

**Rationale for change**

Replacement of equivalent courses due to ECON 1000 being deactivated.

**Transition/Implementation**

Students who have taken ECON 1000 will be granted an exception to have this included in their major.

**Program reviewer comments**

- **mikelabreque (10/12/18 8:48 am)**: Added GEOG 2023 in place of GEOG 2400, per AD.
- **mikelabreque (01/10/19 11:50 am)**: Reviewed by ML 01-10-19.

Degree

Title
R-UG-5.3 Minimum Number of Carleton Credits (Residency and Advanced credits)

Program Requirements

5.3 Minimum Number of Carleton Credits (Residency and Advanced credits)

5.3.1 Residency Credits

To be eligible for graduation with a Carleton degree, certificate or diploma, each student must present a certain number of credits earned at Carleton University which have not been presented to fulfil any degree that has been previously awarded including a degree or degrees at Carleton University. These are referred to as residency credits. Courses taken under the University of Ottawa Exchange Agreement do not count as residency credits.

All degree students must present a minimum of 5.0 residency credits at graduation, with the following exceptions:

The minimum number of residency credits for students in the Dual Degree, B.Eng., B.I.D, B.I.T and B.A.S. Design program is half of the total number of credits required for the program. The residency requirement for B.A.S. students not in Design is the standard minimum of 5.0 residency credits at graduation.

To obtain a minor, a student must present at least 2.0 residency credits counting toward that minor.

To obtain an undergraduate certificate from Carleton University, students must present residency credits including a minimum of 4.0 credits taken at Carleton. The residency for certificates taken concurrently with a Carleton degree may be satisfied with credits used also to satisfy the degree residency requirement.

To obtain a post-baccalaureate diploma from Carleton University, students must present residency credits including a minimum of 3.0 credits taken at Carleton.

5.3.2 Advanced Credits

The credits presented at graduation that are credits completed at Carleton after admission, credits completed at Carleton within the last ten years for which advanced standing has been granted and credits completed as part of the University of Ottawa Exchange or another formal domestic or international Exchange, must include:

1. For Honours degrees, at least 3.0 credits in the major and at the 3000-level or above;
2. For Combined Honours degrees, at least 1.5 credits in each major and at the 3000-level or above;
3. For Major degrees, at least 3.0 credits in the major and at the 2000-level or above;
4. For General degrees, at least 3.0 credits at the 2000-level or above in the major, if applicable.

New Resources
No New Resources

Summary
Addition of Dual degree for residency requirements. Update advanced credits so that BA/BSc Open Studies programs conform to University Advanced Credits requirement.

Program Requirements

In addition to the following:

1. Registered in B.A. Honours Geography, Geography with a Concentration in Physical Geography, Geography with a Concentration in Urban Geography, or B.Sc. Honours Physical Geography;
2. Obtained and maintained an overall minimum CGPA of 9.5 and a minimum major CGPA of 9.5;
3. Have obtained third-year standing;
4. Successfully completed, by the start date of the first work term:
   1. the required second-year methods courses in their program (GEOG 2005, GEOG 2006)
   2. the required field course in their program (GEOG 3000, GEOG 3010, GEOG 3030)
5. Be registered as a full-time student.

B.A. Honours Geography, Geography with a Concentration in Physical Geography, Geography with a Concentration in Urban Geography, B.Sc. B.Sc.-Honours Physical Geography students must successfully complete three (3) work terms to obtain the Co-op designation.

Co-op work term course: GEOG 3999

No New Resources

Summary

Adding Geography with a Concentration in Urban Geography to eligible co-op programs.

Rationale for change

Letter of support issued from Kathleen Hickey to Clerk of Senate February 11, 2019.

Transition/Implementation

N/A - Confirmed with K. Hickey that students in the Urban Geography Concentration follow the same co-op pattern. Memo issued as follows:

"Date: February 11, 2019

To: Betina Appel Kuzmarov, Clerk of Senate

From: Kathleen Hickey, Manager, Co-operative Education

Cc: Pauline Rankin, Dean, Faculty of Arts and Social Sciences
Scott Mitchell, Chair, Geography and Environmental Studies
Suzanne Blanchard, Vice-President (Students and Enrolment) and University Registrar
Courtney Régimbald, Director, Co-op and Career Services

Re: Support for creation of Co-op Option in Bachelor of Arts Honours, Geography (Concentration in Urban Geography)

The Co-operative Education Office supports the creation of a co-op option in the Honours
Bachelor of Arts, Geography (Concentration in Urban Geography). This program option will be advertised in the 2019-20 academic calendar.

For new B.A.Hons. Geography (Urban Geography) admits, the first opportunity to participate in a co-op work term will be the Summer 2021 term.

Please do not hesitate to contact me for further information or details. Thank you.

Kathleen Hickey
Manager, Co-operative Education"

### Program Requirements

#### Regulations

The regulations presented in this section apply to all Bachelor of Engineering programs.

In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Performance Evaluation (see the Academic Regulations of the University section of this Calendar), with the following additions and amendments:

**Academic Performance Evaluation for Engineering**

1. In Engineering programs, all credits are included in the Major CGPA, making it identical to the Overall CGPA.
2. Students who are not assigned the status Good Standing or Academic Warning will be required to leave the degree with either the status Continue in Alternate (CA) or the status Dismissed from Program (DP).

#### Graduation

Students in Engineering programs are covered by the common University regulations regarding graduation, with the following additions and amendments.

1. Students entering an Engineering program with Advanced Standing will receive transfer credit for at most ten of the credits required for their program.
2. Students must take a minimum of 1.0 credit of complementary studies at Carleton University.

#### Course Load

Regulations regarding Course Load and Overload can be found in the *Academic Regulations of the University* section of this Calendar. The normal course load in Engineering is defined as the number of credits required in the student's program for the current year status of the students. Since the programs in Engineering require more than 20.0 credits in total, the normal course load is more than 5.0 credits in some years of the program. Registration in more than this number of credits constitutes an overload.
Co-operative Education Programs

All Engineering programs are available with or without participation in the Co-operative Education option.

Year Status for Engineering

In the Bachelor of Engineering Degree program, Year Status is defined as follows.

1st year: Admission to the program.

2nd year: Successful completion of all Engineering, Science and Mathematics course requirements in the first year of the program (with a minimum grade of C- in Engineering courses), all English as a Second Language Requirements, and any additional requirements as determined in the admissions process.

3rd year: Successful completion of 4.0 credits from the second year requirements of the program.

4th year: Successful completion of all second year requirements and 3.5 credits from the third year requirements of the program.

Year Status Prerequisites

Year Status in Engineering is used in some course prerequisites to limit access to only those students who have sufficient preparation. In particular students will not have access to second, third or fourth year engineering, science or mathematics courses until they have achieved second year status. Similarly, to take some specific engineering, science and mathematics courses in third or fourth year, that year status must be achieved. For additional information on prerequisites, see the individual course descriptions.

Time Limit

The Bachelor of Engineering degree must be completed within eight calendar years of initial registration. Students who do not complete their program requirements within this limit will be given the status Continue in Alternate.

Academic Appeals

The Engineering Committee on Admission and Studies handles all academic appeals.

Key: 1514
Senate Policy on Accommodation for Student Activities

Carleton University recognizes the substantial benefits, both to the individual student and for the university, that result from a student participating in activities beyond the classroom experience. Students who compete or perform at a high level represent the university in a positive light and can serve as ambassadors for the university.

Carleton University strongly supports those participating in these activities. In particular, this includes athletes, artists, and students participating in recognized competitions and/or academic activities. Instructors must provide all reasonable accommodation to students who compete or perform at these levels. When it is unclear if the nature of the activity warrants accommodation, faculty members are guided to discuss the issue with their Chair or Director. The Dean, when required, will make a final determination regarding the accommodation, only after making sufficient consultations with, for example but not limited to, the Director of the School for Studies in Art and Culture for an artistic performance, the Program Director for an academic competition, and the AVP of Athletics for an athletic competition (to determine the acceptability in terms of level of event) to ensure a consistent application of this policy across the university. Students must notify their Instructor within the first two weeks of the semester with a request for accommodation. In cases where dates are not yet known, the expectation is that the student inform the instructor as soon as possible. Multiple or late notifications may render it impossible to extend accommodation. As such, students who feel a faculty member has denied the accommodation required under this policy or who feel that the accommodation provided by the Instructor is not appropriate should contact the Dean responsible for their program.

This accommodation may involve rescheduling of academic deadlines, providing alternate means of assessment or facilitating off-campus examinations. Support in coordinating off-campus examinations is available from Scheduling and Examination Services.
