15. Special Studies (Non-Degree)

Special students may be admitted to a degree program if their academic achievement at Carleton University indicates a reasonable probability of future academic success. Previous post-secondary studies at other institutions will also be taken into consideration at the time the application for admission is evaluated. Students with previous, unsuccessful post-secondary studies should contact Admissions Services before attempting to qualify for admission on the basis of studies as a Special student.

A in the Faculty of Arts and Social Sciences, Faculty of Public Affairs, and Faculty of Science, a Special student can normally be considered for admission to a General degree program after completing 4.0 credits (or the equivalent), and if the student would be Eligible to Continue in Good Standing if admitted. Students seeking admission are usually not considered for admission until the necessary prerequisites have been successfully completed in addition to the 4.0 approved credits (or the equivalent). The prerequisite subjects (4U/4M courses or equivalents) are found on at the Admissions Services website. End of this section under Prerequisite Subjects.

If fewer than 4.0 credits have been completed, a Special student will be considered for admission after completion of:

- 2.0 credits (or the equivalent) with a CGPA of 8.00 or higher, or
- 2.5 credits (or the equivalent) with a CGPA of 7.00 or higher, or
- 3.0 credits (or the equivalent) with a CGPA of 6.00 or higher, or
- 3.5 credits (or the equivalent) with a CGPA of 5.00 or higher

Special students wishing to apply for admission to the Faculty of Engineering, or the Schools of Architecture, Business, Computer Science, Industrial Design, Information Technology, Journalism, or Social Work, are urged to consult with Admissions Services.

Summary

Calendar clean up in light of ACE, changing Good Standing to Eligible to Continue. Also making changes to reflect that students can be admitted to Honours. Deleting the bottom section about additional considerations for the short list of degree programs. Unsure why a student meeting the above requirements and all the needed prerequisites would be barred from admission to that list of programs.

Rationale for change

clean up and clarity to reflect actual admission practice

Bachelor of Engineering Degree Engineering
Program Requirements

Regulations

The regulations presented in this section apply to all Bachelor of Engineering programs.

In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Performance Evaluation (see the Academic Regulations of the University section of this Calendar), with the following additions and amendments:

Academic Performance Evaluation for Engineering

1. In Engineering programs, all credits are included in the Major CGPA, making it identical to the Overall CGPA.
2. Students who are not assigned the status Good Standing or Academic Warning will be required to leave the degree with either the status Continue in Alternate (CA) or the status Dismissed from Program (DP).

Graduation

Students in Engineering programs are covered by the common University regulations regarding graduation, with the following additions and amendments.

1. Students entering an Engineering program with Advanced Standing will receive transfer credit for at most ten of the credits required for their program.
2. To be eligible for graduation, the most recent grade in every course used to meet the requirements of the Bachelor of Engineering degree must be a passing grade.

Course Load

Regulations regarding Course Load and Overload can be found in the Academic Regulations of the University section of this Calendar. The normal course load in Engineering is defined as the number of credits required in the student's program for the current year status of the students. Since the programs in Engineering require more than 20.0 credits in total, the normal course load is more than 5.0 credits in some years of the program. Registration in more than this number of credits constitutes an overload.
Co-operative Education Programs

All Engineering programs are available with or without participation in the Co-operative Education option.

Year Status Prerequisites

Year Status in Engineering is used in some course prerequisites to limit access to only those students who have sufficient preparation. In particular, particular students will not have access to second, third or fourth year engineering, science or mathematics courses until they have achieved second year status. Similarly, to take some specific engineering, science and mathematics courses in third or fourth year, that year status must be achieved. For additional information on prerequisites, see the individual course descriptions.

Year Status for Engineering in the Bachelor of Engineering Degree program, Year Status is defined as follows:1st year: Admission to the program. 2nd year: Students may not continue into 2000-level (or higher) engineering courses unless all the following requirements are met:

1. Successful completion of all ECOR 1040 series of courses with a minimum grade of C-,
2. Successful completion of all ECOR 1050 series of courses,
3. Successful completion of MATH 1004, MATH 1104, CHEM 1101 (or CHEM 1001 and CHEM 1002), and PHYS 1004 (or PHYS 1001 and PHYS 1002),
4. Successful completion of all Engineering, Science and Mathematics course requirements in the first year of the program (with a minimum grade of C- in Engineering courses), all English as a Second Language Requirements, and any additional requirements as determined in the admission process.

3rd year: Students may not take courses with third-year status in Engineering as a prerequisite until successful completion of 4.0 credits from the second-year requirements of their current program.

4th year: Students may not take courses with fourth-year status in Engineering as a prerequisite until successful completion of all second-year requirements and successful completion of 3.5 credits from the third-year requirements of their current program.

Year Status Prerequisites Year Status in Engineering is used in some course prerequisites to limit access to only those students who have sufficient preparation. In particular, students will not have access to second, third or fourth year engineering, science or mathematics courses until they have achieved second year status. Similarly, to take some specific engineering, science and mathematics courses in third or fourth year, that year status must be achieved. For additional information on prerequisites, see the individual course descriptions.

Time Limit

The Bachelor of Engineering degree must be completed within eight calendar years of initial registration. Students who do not complete their program requirements within this limit will be given the status Continue in Alternate.

Academic Appeals

The Engineering Committee on Admission and Studies handles all academic appeals.

Program Requirements

Regulations

In addition to the program requirements described here, students must satisfy the University regulations (see the Academic Regulations of the University section of this Calendar).

Students should consult with the School when planning their program and selecting courses.

Academic Performance Evaluation

Students in B.Com. and B.I.B. are Honours students. Students in programs of the Eric Sprott School of Business who are not in Good Standing (GS) at any Academic Performance Evaluation academic performance evaluation will be assigned either Academic Warning (AW) or Continue in Alternate (CA). Students assigned CA will be required to leave the program. Students assigned AW must achieve GS at their next Academic Performance Evaluation academic performance evaluation or they will be required to withdraw from the program with either the standing Continue in Alternate (CA) or Dismissed from the Program (DP).

Graduation

Bachelor of Commerce

- A B.Com. (Honours) student who meets all of the Overall CGPA requirement of 5.0, the Major CGPA graduation requirement of 6.5, and the Concentration CGPA graduation requirement of 6.5 will graduate with B.Com Honours with a concentration notation
- A B.Com. (Honours) student who meets both the Overall CGPA requirement of 5.0 and the Major CGPA graduation requirement of 6.5, but not the Concentration CGPA graduation requirement of 6.5 will graduate with B.Com
Honours without a concentration notation

- A B.Com. (Honours) student who meets the Overall CGPA graduation requirement of 5.0 and a Major CGPA of 5.0, regardless of the Concentration CGPA will graduate with B.Com with neither a concentration nor an Honours notation

Bachelor of International Business

- A BIB student who meets all of the Overall CGPA requirement of 5.0, the Major CGPA requirement of 6.5, the Core CGPA requirements of 6.5, and the Concentration CGPA requirement of 6.5 will graduate with BIB Honours with a concentration notation
- A BIB student who meets the Overall CGPA requirement of 5.0, the Major CGPA requirement of 6.5 and Core CGPA requirement of 6.5, but not the Concentration CGPA requirement of 6.5 will graduate with BIB Honours without a concentration notation
- A BIB student who meets the Overall CGPA requirement of 5.0 but not the Major CGPA requirement of 6.5 or the Core CGPA requirement of 6.5 will be transferred in to the B.Com with neither a concentration nor an Honours notation and will then follow the appropriate graduation path as laid out in the B.Com requirements

New Resources

No New Resources

Summary

Added graduation information re B.Com. and B.I.B.

B.Com. - To ensure that BCom students have a clear path to graduation with a new non-honours pathway. Students in the non-honours pathway will not be required to complete item 9 of the program requirements, and instead can replace that requirement with any free elective. Students who obtain the 6.5 CGPA in the major and concentration will be unaffected. Students who obtain the 5.0 overall and not the 6.5 Major will still be eligible to graduate - this will be significant.

Rationale for change

B.I.B - To ensure that BIB students have a clear path to graduation with a new pathway to the BCom. Students who obtain the 6.5 CGPA in the major and concentration will be unaffected. Students who obtain the 5.0 overall and not the 6.5 Major will still be eligible to graduate with a BCom - this will be significant.

**Academic Continuation Performance Evaluation for Bachelor of Music**

For purposes of Academic Continuation Evaluation (ACE), Performance Evaluation; students in the Bachelor of Music program are subject to the standard rules for Honours students with the following additions:

- Bachelor of Music Students will receive an evaluation of their Performance Core courses at the end of each Winter term as long as they have completed a Performance Core course in the preceding summer, fall, or winter terms. Bachelor of Music students who fail to obtain a grade of B- C+ or higher in any two consecutive performance courses or in any two consecutive attempts at the same performance course in credits 5.5 to 15.0 must leave the program with the status Required to Withdraw for Two Terms (WT). Suspension (SU).

See the Academic Regulations of the University section of the Calendar for additional information.

**Good Standing in Bachelor of Music** requires that the Performance CGPA be at least 6.0. The performance CGPA is the cumulative grade point average calculated over all courses in the Performance Core in the same manner as other CGPA calculations. The courses in the Performance Core are:

- **MUSI 1900 [0.5]** Performance I
- **MUSI 1901 [0.5]** Performance II
- **MUSI 2900 [0.5]** Performance III
- **MUSI 2901 [0.5]** Performance IV
- **MUSI 3900 [0.5]** Performance V
- **MUSI 3901 [0.5]** Performance VI

**Summary**

Updated regulation language for new ACE framework as per unit and ACE Implementation Team.

**Rationale for change**

The performance CGPA of 7.0 is a graduation requirement, not a continuation requirement. Slight changes in wording reflect new ACE terminology.

**Transition/Implementation**

Program reviewer comments

sarahcleary (02/09/21 3:29 pm): Added "See the Academic Regulations of the University section of the Calendar for additional information." Added '(ACE)' to first sentence.

sarahcleary (03/11/21 1:22 pm): As per SCCASP discussion on March 2, 2021, edited the rationale for change and removed the first bullet that stated "With the exception of MUSI 1900 and MUSI 1901, Bachelor of Music Students will receive an evaluation of their Performance Core courses at the end of each term." since students will not be assessed on MUSI 1900/1901 until the 5.5 credit threshold for ACE is reached, so it is not an exception.

Program Requirements

Academic **Continuation** **Performance** Evaluation for Bachelor of International Business

Students in B.I.B. are Honours students.

B.I.B. Students are *Eligible to Continue (EC) if in Good Standing (GS) if* they meet the minimum requirement schedule provided below. The B.I.B. defines a Language Core consisting of the required 4.0 credits in the language of specialization.

**10.5 credits through completion:**

- Good Standing in BIB requires: At the first APE: Overall CGPA at least 4.50 Major CGPA at least 6.00 Language Core CGPA at least 6.00 At all subsequent APEs and at graduation: Overall CGPA at least 5.00 Major CGPA at least 6.50 Language Core CGPA at least 6.50 A B.I.B. student who is not in Good Standing (GS) due to a deficiency of 1.0 grade point or less in any of the Overall, Major, or Language Core CGPA requirements, is on Academic Warning.

A BIB student not meeting any one of student is required to leave the Overall, Major program with either the status Continue in Alternate (CA) or Core CGPA graduation requirements will be required to leave the program. the status Dismissed from Program (DP) if: Note that if the student is eligible for continuation in the BCom (Honours) as per progression requirements in the BCom (Honours), the student will be automatically transferred in to the BCom (Honours). The student will then follow the appropriate continuation path as laid out in the BCom (Honours) requirements.

See the Academic Regulations of the University section of the Calendar for additional information.

They are not in Good Standing (GS) due to a deficiency of more than one grade point in either the Overall, Major, or Language Core CGPA requirements at any Academic Performance Evaluation, or the student is on Academic Warning and does not achieve Good Standing at the next Academic Performance Evaluation:

**New Resources**

No New Resources

**Summary**

Changes required to reflect new ACE framework.

Removed graduation information. Added it to TBD-1598 R-UG-Business.

**Rationale for change**

Changes required to reflect new ACE framework and ensure that BIB students have a clear path to graduation with a new pathway to the BCom. Students who obtain the 6.5 CGPA in the major and concentration will be unaffected. Students who obtain the 5.0 overall and not the 6.5 Major will still be eligible to graduate with a BCom - this will be significant.
Transition/Implementation  Fall 2021, grandfathering all students
