MINUTES

Guests: Z. Clayden, J. C. Prent, J. Shields [nominees]

Recording Secretary: Kathy McKinley

1. CALL TO ORDER

   The Chair called the meeting to order at 2:00 p.m.

2. APPROVAL OF AGENDA

   It was MOVED (C. Miller, J. Paulson) that Senate approve the agenda for the meeting of Senate on January 26, 2018, as presented. The motion PASSED.
3. APPROVAL OF MINUTES

It was MOVED (M. Neufang, C. Miller) that Senate approve the minutes of the Open Session of the Senate meeting on November 24, 2017, as presented. The motion PASSED.

4. MATTERS ARISING

There were none.

5. CHAIR’S REMARKS

a) Smudging at Senate – One of the new Senators, who is from the Anishinaabe First Nation, has offered to perform a short smudging before Senate to promote the values of good governance, truth, reconciliation, and comradery. This is an important activity that Senate would like to include, while being mindful of sensitivities to smoke that some Senators may have. The Senate Office will circulate more information prior to the next Senate meeting as decisions around this activity are finalized.

b) Sexual Assault Awareness Week – Many events and activities on campus supported this initiative over the past week. More than 3,000 people engaged in training and other activities centred around awareness and reporting of sexual assault. A summary report is expected and will be published. Some issues with the language in the policy remain, and these will be addressed following a broad consultation with students across campus. The Chair thanked Equity Services for their leadership on this issue.

c) Department of University Communications – The Chair recognized the efforts of the Department of University Communications in reporting on the Federal Budget and on recent activities of the provincial government that are of interest to Carleton. We are anticipating announcements with the provincial government around research and employment opportunities for people with disabilities, which is key strength of our university.
d) Department of University Advancement – The Chair reported that the Carleton University Campaign is proceeding well. He praised members of the Board of Governors for their leadership in supporting the campaign.

e) SIPC Retreat – Next Week the SIPC (Strategic Integrated Planning Committee) retreat will frame issues around the budget and budget development. Consistency of information across platforms will be at the center of discussions, as will supporting students, graduation and retention rates, and communication processes in general.

6. QUESTION PERIOD (Chair)

There were no questions submitted in advance or from the floor.

7. MOTION RE: SENATE EMERGENCY ACADEMIC RESPONSE COMMITTEE (J. Paulson)

It was MOVED (J. Paulson, J. Wolfart) that Senate revoke all authority of the Senate Emergency Academic Response Committee until such time as Senate clarifies the circumstances under which the President may invoke an emergency.

There was no discussion of the motion. 21 voted in favour, and 25 were opposed. The motion FAILED.

One Senator asked for clarification on whether or not a strike on campus would be considered an emergency. The Chair agreed that a strike would be a campus emergency, but not one that would suspend Senate’s ability to act. A strike is not a Senate emergency, and would not, in itself, be enough to cause the President to call the SEARC into existence.

The Chair noted that the Senate Academic Governance Committee is still working on the constitution and other issues of SEARC.
8. ADMINISTRATION (Clerk of Senate)

a) Senate and Senate Committee appointments

The Clerk noted that many of the vacant positions for Graduate Students on Senate Standing Committees have been filled since the last Senate meeting. In addition, one retiree and one faculty member have been nominated for vacancies on committees and three undergraduate students have been elected to Senate.

It was MOVED (D. Russell, C. Miller) that Senate ratify the new Senate and Senate Committee appointments, as presented. The motion PASSED.

Discussion:
The Clerk was asked to clarify the Senate policy for appointing or approving members to Senate and Senate Standing Committees. The Clerk explained the current student appointments as a continuation of the process that began last fall. A Call for Nominations was circulated via CASG and GSA, and elections were held in cases where there was more than one candidate for a position. The Clerk agreed to provide a rationale explaining the process with any future lists of appointments circulated to Senate.

b) CUASA – There were four (4) appointments contrary to advertising policy in the collective agreement. (This announcement was for information purposes only.)

c) Response to previous question regarding majority votes in Senate: The Clerk clarified when a simple majority is needed to decide a vote, and when a 2/3 majority of those present is required.

- Most motions require a simple majority of those voting. This is the default rule for majority votes on motions.

- Some motions, such as a waiver of notice, or a motion to close or limit debate, require a 2/3 majority of those present to pass.
9. REPORTS

a) SAPC Senate Academic Program Committee (J. Tomberlin)

The committee prepared an omnibus motion to cover 19 major modifications for existing programs, all of which have been approved by Faculty Boards and have passed through the Quality Assurance process before coming to Senate.

Discussion:
The committee was asked if there had been any dissent at lower levels of approval, or if there were any issues arising at these levels that Senate should be aware of. The Chair of SAPC assured Senators that there were no concerns at SAPC, SCCASP or CUCQA. Several Senators also commended the committee for removing courses that were no longer taught from some of the programs.

Question Period Submissions

Carleton University Senate: Meeting of February 16, 2018

1) We have not received an update for some time on the progress of the presidential search. Would it be possible for a representative of the Board of Governors to speak to Senators about this at our next meeting?

2) An update on the activities of the Honorary Degrees Committee would be useful. Is it possible to know who they are considering, and whether there have been debates or issues about the candidates?

MEMORANDUM
From the Senate Honorary Degrees Committee

To: Senate
From: Rafik Goubran, Chair, Senate Honorary Degrees Committee
Date: February 16, 2018
Subject: Adoption of Honorary Degree Policy

Motion: That Senate approve the attached Honorary Degree Policy.
Senate Honorary Degree Policy

The conferring of honorary degrees provides the University with an opportunity to convey to the world our values and principles by recognizing the contributions and accomplishments of exceptional individuals. The honorary doctorates conferred at each Convocation also provide our graduating students with exemplary role models and meaningful messages that will carry them into their futures.

Degrees Awarded
Carleton University confers the following honorary degrees:

- LL.D. – Doctor of Laws – Awarded for exceptional service to the University or to the community as a whole, or for outstanding scholarly achievement in a profession not covered by other honorary degrees
- D.Litt. – Doctor of Literature – Awarded for outstanding achievement in the Humanities
- D. Eng. – Doctor of Engineering – Awarded for outstanding achievement in the field of Engineering
- D. Mus. – Doctor of Music – Awarded for outstanding achievement in Music
- D. Sc. – Doctor of Science – Awarded for outstanding achievement in the pure and applied sciences
- D. Fine Arts – Doctor of Fine Arts – Awarded for outstanding achievement in the Fine Arts
- D. Arch. – Doctor of Architecture – Awarded for outstanding achievement in Architecture

In exceptional circumstances, and in recognition of long-term service to Carleton University, the committee may recommend the awarding of an honorary Master’s degree.

Guidelines for Nominators

The Senate Honorary Degrees Committee encourages members of the Carleton University community and the general public to submit nominations of exceptional and distinguished individuals for an honorary degree.

Nominations must be submitted to the Committee in strict confidence and therefore should not be discussed with the nominee.

Nominations may be submitted to the Senate Office at any time throughout the year, and will be reviewed at the meetings of the Honorary Degree Committee, which normally occur twice per year.
**Eligibility and Exclusions:**
Citizens and nationals of any country may be nominated. Serving employees of the University, sitting members of the Board of Governors, and sitting members of legislative bodies, such as Parliament, are not eligible for nomination. Also, current adjunct professors and research fellows at Carleton University are normally excluded from consideration. Carleton University also does not award honorary degrees posthumously, or in absentia. The approved candidate is expected to attend a Convocation and address graduating students.

**Criteria for Selection:** The Committee will review each nominee in terms of whether they personify the core values of the relevant Faculty and/or the University, and exemplify the personal and professional characteristics to which we wish our students to aspire. An honorary degree recipient is someone who:

- is a scholar of notable significance, pioneering or revolutionizing a field,
- has made a significant contribution to the University,
- has made a significant contribution to the community, nation, or the world, and/or
- brings honour to Canada on the world stage.

**Procedure:**
Nominators should begin by completing all sections of the online form for nomination. Incomplete nomination forms will not be forwarded to the committee. Note that additional information and documentation to support the nomination may be attached to and included with the nomination form.

Each nomination should be accompanied by two letters of support from individuals who are familiar with the candidate’s achievements and knowledgeable in the candidate’s area of expertise. The letters should state the relationship of the writer to the candidate, and should complement, rather than reproduce, the information provided on the nomination form, by providing a broader context to the candidate’s accomplishments and their impact. The individuals supplying these letters must be informed of the need to maintain strict confidentiality; they should not contact the candidate to inform him/her of the nomination. The form and letters should be submitted to the Senate Office at the address below. The Committee may contact the nominator if further information is required.

The Honorary Degrees Committee will consider all nominations in strictest confidence. Candidates recommended by the Committee will then be presented to a closed session of Senate for approval. Nominators will be informed of the decision of Senate, but must maintain confidentiality and should not contact the candidate. If a nominee is approved by Senate, the President will choose when to contact the candidate with an offer to receive the honorary degree. The President also decides, in consultation with the candidate, at which Convocation ceremony the degree will be awarded, and when the honorary degree will be publicized.

Approved nominees are held on an active list for a period of three years to allow time for the candidate to attend a convocation ceremony to receive the degree.
**Revocation of Honorary Degrees**

In rare and exceptional circumstances, where the behaviour of an individual has caused significant public concern, the Honorary Degrees Committee has the right to review and recommend to Senate the rescinding of an Honorary Degree.

The Senate Committee on Medals and Prizes is recommending changes to the Senate Medals Policy intended to update the University Medals to match our current degree offerings. **Motion:** THAT Senate approve the modifications to the Medals Policy to eliminate the University Medal for Interfaculty Studies and add four University Medals for the bachelors degrees in Communications and Media Studies, Economics, Global and International Studies, and Journalism and Humanities.

4. Policy on University Medals for Outstanding Graduate Work

(iv) Where the candidate has written a thesis or a research essay, a statement from the supervisor and external reader will be requested.

(v) The candidate's publication record.

(vi) The recommendation of the Dean of Faculty of Graduate and Postdoctoral Affairs and/or the Faculty Dean.

5. Policy on Senate Medals for Outstanding Graduate Work

1. At its meeting of 27 March 1992, Senate approved the establishment of Senate Medals to recognize excellence in graduate work.

2. As at the undergraduate level, the status of the Senate Medals for Outstanding Graduate Work is one level immediately below that of the (existing) two University Medals for Outstanding Graduate Work (Doctoral and Master's). The Senate Medals are meant to recognize runners-up for the University Medals.

3. There are two categories of Senate Medals at the graduate level:

   a. Type A: for students in programs with research requirements, such as a thesis, research essay or project and;

   b. Type B: for students in course-work only Masters degrees.

4. There are to be two Senate Medals of Type A (one Doctoral, one Master's) for each of the following major disciplinary areas: (i) Arts and Social Sciences, (ii) Engineering, Architecture and Industrial Design (iii) Science and Computer Science, (iv) Public Affairs and (v) Business. When merited the Committee may recommend additional candidates for Senate Medals beyond the specified number.

5. There are two Senate Medals at the Masters level of Type B for the University. The minimum requirement is a CGPA of at least 11.5 and a strong recommendation form the department.

6. As with the two University Medals, all Senate Medals will be available for award at each of the Spring and Fall Convocations (February graduates being counted as part of Spring graduates), and be awarded only when merited in the opinion of the Senate Committee on Medals and Prizes and Senate.

7. Given that the Senate Medals are meant to recognize runners-up for the University Medals, the criteria for the Senate Medals are identical to those for the University Medals (q.v.).

8. The Senate Medals shall be available for award for the first time at Spring Convocation 1992.

9. The candidate recommended to Senate by the Senate Committee on Medals and Prizes for the Governor-General’s Medal at the Graduate Level (awarded annually at the Fall Convocation) shall continue to be chosen from among the February, Spring and Fall candidates judged to be University (as against Senate) Medal-level material.
4. Policy on the University Medal in Interfaculty Studies

i. To be awarded to a student whose formal pattern of studies is interfaculty.

ii. At the present time the pertinent assignations for this medal are the B.A. programs in Biology, the B.Sc.
