Carleton University Senate
Meeting of June 2, 2017 at 2:00 p.m.
Senate Room, 608 Robertson Hall

MINUTES

Open Session:

1. Welcome
   The Chair welcomed everyone to the open session.

2. Approval of Agenda (open)
   It was MOVED (Hoey, Neufang) that Senate approve the agenda of the meeting of June 2, 2017
   The motion PASSED UNANIMOUSLY.

   Chair noted that J. Shepherd would address an issue arising from the minutes of the April 28 meeting.

3. Approval of Minutes
   • April 28, 2017 (OPEN)
J. Shepherd reported on measures CUCQA has undertaken to increase gender parity on the committee. Moving forward, L. Dyke will be Chair and Patrice Smith will replace Bob Burke on the committee.

It was **MOVED** (Tomberlin, Shepherd) that Senate approve the minutes of the meeting of April 28, 2017 and ratify the revised CUCQA committee membership.

The motion **PASSED UNANIMOUSLY**.

4. **Chair’s Remarks**
   
   This will be the last Senate meeting for Peter Ricketts, John Shepherd, Andre Loiselle, and Malcolm Butler. The Chair thanked all for their service to Carleton. J. Tomberlin reminded the Senate that this would be President Runte’s last Senate meeting as well. On behalf of the Senate, he wished President Runte all the best in her exciting new opportunities, and thanked her for all she has done for Carleton.

5. **Discussion Period: Financial Overview (Michel Piché)**

   Discussion ensued around issues of research funding and graduate student spaces.

   It was noted that some external research funders require a contribution from the University. As a result, a special fund has been set up to be used when matching funds are required.

   Some members also observed that if external funding levels do not increase, the university will need to become more efficient by considering ways of reducing costs.

6. **Senate Administration (Clerk)**

   a) Senate Membership
   b) Committee Membership
The Senate Clerk reported that they are working to fill senate and committee memberships. One member asked for clarification on the process for finding members. The Clerk responded that presidents of CASG and GSA are generally contacted for student nominations. For Faculty positions, Deans are consulted. The Clerk concluded by asking any members interested in serving on committees to step forward.

c) Empowering Motion

**Motion:** That Senate approve the Executive be empowered to act for Senate on urgent items of regular business during the months of June, July, and August; notice of any meetings of the Executive held under this authority (except those called for the purposes of the Executive dealing with its own regular business) must be given to all members of Senate who may attend and participate; any action taken under this authority is to be reported to Senate at the first meeting of Senate in September 2016 for information and consent.

It was **MOVED** (Russell, Shepherd) that Senate approve the Empowering Motion. The motion **PASSED UNANIMOUSLY**.

7. Committee Reports
   a. SAPC
      
      Motion 1: **THAT** Senate approve the Dual Master’s Degree Policy. (Ricketts, Neufang). The motion **PASSED**.

      Motion 2: **THAT** Senate approve the revised Cotutelle Policy. M. Neufang noted that there would be a few changes to this policy to streamline language and to reduce the examining board by one member in order to facilitate the process.

      (Ricketts, Neufang). The motion **PASSED UNANIMOUSLY**.
b. SCCASP

i. **Unusable Credits and the BA Degree**

Motion 1: **THAT** Senate approve the elimination of Credits Not in the Major for all combined BA honours programs with effect from 2017-2018. (Shepherd, Nemiroff) The motion **PASSED UNANIMOUSLY**.

Motion 2: **THAT** Senate approve the reduction in the number of Credits Not in the Major required for all BA General programs from seven to six with effect from 2017-2018. (Nemiroff, Shepherd) The motion **PASSED UNANIMOUSLY**.

Motion 3: **THAT** Senate endorse in principle the following recommendations:

**THAT** mandatory advising be put in place for students changing majors in the BA degree more than once

**THAT** students may only change major in the BA degree if they have taken a minimum of one course in the major into which they are transferring

**THAT** ‘early warning advising’ be instituted for students who’s CGPAs early in their honours program suggest that subsequent transfer to the related general program is a possibility because of their Academic Performance Evaluations

**THAT** all BA program descriptions in the Undergraduate Calendar have embedded explicitly within them all the University and Degree Rules and Regulations pertaining to that program

**THAT** mandatory advising be put in place for students in all BA programs who do not fulfill the BA Degree Breadth Requirements as part of the first ten credits completed.

(Shepherd, Nemiroff) The motion **PASSED UNANIMOUSLY**
ii. Dual Masters Degree Policy

Motion 1: That Senate approve the new General Regulation 7.13 in the Graduate Calendar (Nemiroff, Hoey) The motion PASSED.

iii. Course Prospectus

Motion 1: That Senate approve the proposed changes to General Regulation 2.2, The Course Outline, with effect from 2018-2019, as presented. (Nemiroff, Russell)

Discussion: In discussions at individual Chairs/Directors meetings, there have been many questions about course outline proposal highlighting issues concerning, the information that needs to be provided, the potential confusion that could arise with multiple versions, consistency across calendars and platforms, and the accuracy of information if it is written too far in advance of the course offering.

Additional discussion at senate focused on the role of the course outline as part of the contractual agreement between the student and the university. One member asked if there is a provision in the current policy dealing with enforcing compliance. Enforcing compliance can always be raised with the Dean, but currently the calendar states only that the course outline must be provided on the first day of class. Members were reminded of the different timelines involved for various terms (September vs. January, vs. Summer sessions). Early posting of course outlines could work for some courses and some timelines but perhaps not for all.

It was MOVED (Shepherd, Blanchard) that the Motion be tabled. The Motion PASSED.

c) SAGC

Motion 1: That beginning August 1st, 2017, the Clerk of Senate serve as Chair Pro Tempore of Senate until the Senate Academic Governance Committee returns to Senate with its recommendations, no later than
June 2018, which should provide time for the committee to complete its work. (Wolff, Sur)

Discussion: Given the fact that Carleton will have an interim president in 2017-18, the Governance Committee is exploring other options for the role of the Chair of Senate.

Discussion of the motion first centered on the question of tradition vs. legality. Senate government documents do not make this explicit, but it was noted that the current President was voted in as Chair of Senate. Practice at other universities is mixed, with slightly more than 50% engaging the President as Chair of Senate.

It was MOVED (Ricketts, Evans) that the motion be tabled and sent back to the governance committee, on the grounds that the premise of the motion is incorrect, and that it would be inappropriate to make this change for the incoming interim president at this time.

The motion to TABLE this motion PASSED.

8. Reports for Information
   b. Board of Governors: March 23, 2017

   The Chair of the Board of Governors spoke to acknowledge the contributions of departing members Peter Ricketts, John Shepherd, Malcolm Butler and Andre Loiselle. He made special mention of President Runte, for her role in expanding the university and supporting our students.

   e. Dominican University College: Minor Modifications. No discussion

9. Other Business: There was no other business.

10. Adjournment: Meeting adjourned (Shepherd, Hoey) at 3:57 pm.
Carleton University Senate
September 13, 2017 Email Motion

MINUTES

*Only Senators who responded to the e-poll are listed as Participants

Members of Senate were emailed a motion by the Clerk.

Motion: That Senate ratify the following committee nominations:

Chancellor’s Search Committee: Jerry Tomberlin, Interim Provost and Vice-President (Academic) (the terms of reference require a member from the senior management)

Senate Student Academic Integrity Appeal Committee: Oren Petel (FED), Mike Hine (Sprott), Dana Draguniou (FASS), and Patricia Oliver (Grad. Student)

Senate Executive: Andrea Chandler (FPA)

The Clerk indicated that these committees need vacant positions filled before the next Senate meeting in order to properly proceed with their work. Senators were asked to respond (for or against) by email. Forty-six (46) Senators responded to the e-poll. Forty-five voted in favour of the motion.

One Senator raised a point of order stating that "I wish to raise a point of order that this vote should not proceed without discussion and debate on the vote, which is made impossible by this forum.” The Chair of Senate ruled against this point of order on the basis of the time constraint and the past precedent set for nomination and voting. However, the Chair acknowledged that there was merit in the issue raised by the Senator therefore he suggested that "on the issue of the transparency and process of electing members of Senate Committees, the timing and proceedings
I would agree that this should be an open and transparent arrangement in the future. I would wish to identify this as a question to put before Senate during this session and would look to the Senate Academic Governance Committee for guidance of this discussion at a future meeting of Senate."

The motion PASSED, and the issue raised by the Senator will be directed to the Senate Academic Governance Committee for consideration of due process in the future.

Attn: Professor Donald Russell, Clerk

Re: Senate Student Academic Integrity Appeal Committee Report for 2016/2017

Dear Senators,

The Senate’s Academic Integrity Policy (the Policy) sets out the University’s commitment to integrity in scholarship, and provides the framework within which students are guided and held accountable for academic integrity. Instructors refer cases of suspected violation of the Policy to Deans and Associate Deans who, after meeting with the students, make decisions about whether the Policy has been violated. In turn, they, with the Provost in some cases, impose appropriate sanctions. Students can appeal those decisions to the Senate Student Academic Integrity Appeals Committee (SAIAC).

This report summarizes data collated by the Registrar’s Office on violations of the Policy from May 1, 2016 to April 30, 2017. It also reports on appeals made to SAIAC.

SAIAC is composed of faculty members and students from across the university. The Committee was chaired by Chris Brown (Public Affairs) with James Cheetham (Science) and Audrey Girouard (Engineering) serving as the other two faculty representatives. James Cheetham also filled the role of Chair (pro tempore in the absence of Chris Brown). The graduate student representative was Patricia Oliver and the undergraduate student representative was Sarah MacNeil. All the committee members put a great deal of effort and thoughtfulness into ensuring that students receive a fair hearing and that the Policy is interpreted and applied in a consistent and equitable fashion.

The Registrar’s Office acts as the repository of records under the Policy, and provides advice to students about the Policy and in particular about the appeals process. James Moretton, Assistant Registrar, Central Academic Records acts as the secretary for SSAIAIC. He received excellent guidance and support from Grace Haime (nee Valentine) of the Student Affairs office and members of his own staff. In addition, the University Ombudsperson assists students with the process and his contributions are greatly appreciated.

Violations of the Policy

Table 1 below shows the distribution of cases where it has been determined that students have violated the Policy. The cases are categorized by type and by Faculty for 2016/17 with comparative data for 2015/16. Please note that data is not collected on those allegations where no violation of the Policy has been determined.

As in past years, the majority of academic integrity violations involve plagiarism (357 cases), with an increase in the number of cases of 10% from 2015/2016. The second and third most common offences are unauthorized cooperation or collaboration (324) and violation of the test and examination rules (100).

A review of the data in Table 1 reveals that the total number of academic integrity violations for 2016/2017 has increased by ~15% from 2015/2016. The violation with the largest increase is unauthorized cooperation or collaboration, from 275 in 2015/2016 to 324 in 2016/17. The faculty of Science retains the most number of these cases; however, its year on year amount saw a decrease. In 2015/2016 the Faculty of Science reported 242 violations,
while in 2016/17, this fell to 133, which is a 55% decrease. All other faculties, save Engineering, saw a fairly substantial increase, although Science and Engineering continue to have the overall highest numbers of these cases.

Academic Integrity Appeals

7 percent of the students found to have violated the Policy appealed to the Committee. As of April 30, 2017, the Committee had completed 56 appeal cases for the 2016/2017 academic year. This represents a 43% increase in the number of appeals reviewed from 2016/2017. All of the cases involved undergraduate students from across the faculties. [Refer to Table 2]

Of the 56 cases reviewed by the Committee, 28 of these were cases relating to Plagiarism, compared to 11 cases in 2015/2016. This group represents the largest single category and also more than half the overall cases.

Of the 56 appeals completed, the Committee upheld the original decision of the Associate Dean in 53 cases and allowed the appeal in part or in whole in 3 cases. In 2015/2016 39 cases were upheld and 3 were overturned.

Summary of Decisions Where Appeals were Approved

Case 1: The Committee concluded that the student had been assigned a penalty for a second offence when it was actually their first offence. The decision was returned to the appropriate Associate Dean for revisit.

Case 2: The student did not attend their midterm as they attended a wedding. Simultaneously, the student was ill and obtained a medical note. Both rationales were submitted to the instructor and the matter was referred to the Associate Dean’s office. The Committee found that this did not constitute an offence under the policy and overturned the original finding.

Case 3+4: The students had been found in violation of unauthorized cooperation or collaboration. The Committee found that there was evidence that was not assessed in the original hearing and referred the matter back to the associate dean for a revisit of the decision.
