**ANTH 2815A/INDG 2015A/SOCI 2810A  
FALL 2022  
INDIGENOUS ECOLOGICAL WAYS OF KNOWING**

**Course Description**

Indigenous peoples' relationships with the non-human world in both historical and contemporary contexts. Topics may include: the origins of Indigenous ecological ways of knowing, Indigenous languages, collective stewardship, water, land, and challenges to maintaining traditional knowledge.
