Mental Health & Addictions Redevelopment Project:

Redevelopment Project

In the 2019-20 Capital Budget, the province approved \$147 million for mental health and addictions infrastructure, aiming to improve care for one in ten Islanders facing these challenges. [Click here](#) for project details and timelines.

New Acute Care Facilities

The Province is set to replace Hillsborough Hospital, the Island's only psychiatric facility, with a new, modern, fully accessible MH&A Acute Care Facility and Life Skills Centre. [Click here](#) to see project details and timelines.

Mobile Mental Health Unit

New Mobile Mental Health Response Service offers rapid patient assessment and support through an integrated team of trained specialists. [Click here](#) for more information on mental health and addictions services for Islanders.
