# Transforming University Education

The Future of Teaching and Learning at Carleton

# The Future of Teaching & Learning is **EMPOWERING**

- Make learning more accessible
- Create a sense of welcome, belonging, and mattering
- Support teaching innovation

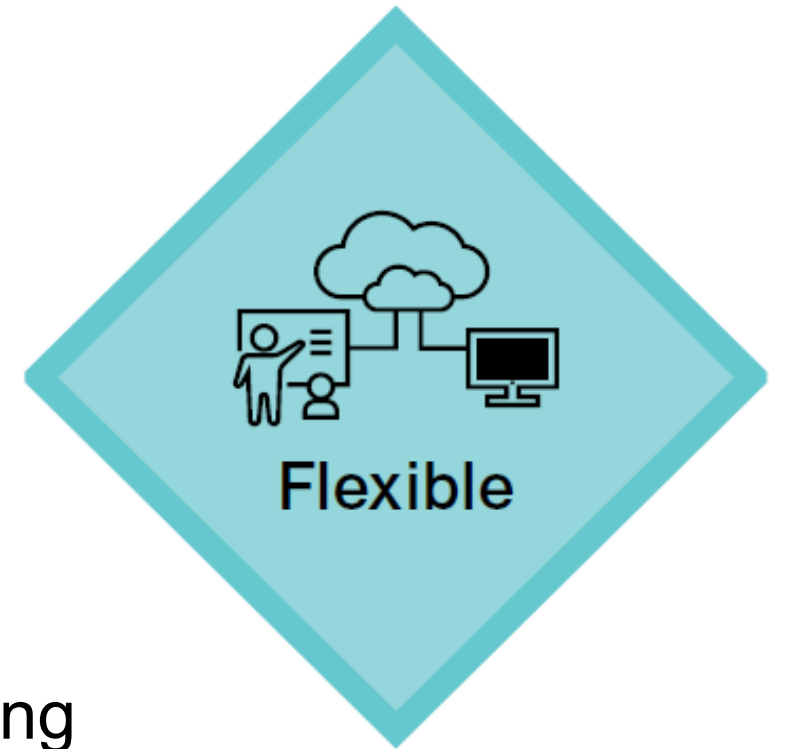

# The Future of Teaching & Learning is **COLLABORATIVE**

- Expand all types of experiential learning
- Promote relationship-rich learning
- Support community and industry-based pedagogy and partnerships

# The Future of Teaching & Learning is **FLEXIBLE**

- Create more digital experiences
- Provide flexible professional development for teaching teams
- Integrate discrete skills into academic programming

# The Future of Teaching & Learning is **SUSTAINABLE**

- Promote adaptable and agile teaching practices
- Ensure campus spaces accommodate diverse teaching approaches
- Leverage off-campus learning spaces

# “Find Someone Who”

- Handout at your table
- Instructions
- ~30 minutes
- The first few people to fill in their cards completely will win a prize!
- Break is 10:30 – 10:45 a.m.

## FIND SOMEONE WHO

**Instructions:** Move around the room, asking people the questions from the matrix below. No more than 2 questions per person. Once you have identified names for all 12 boxes, find a TLS staff member—the first people to do so will win a prize!

Has completed some form of teacher training:	Has swam in a lake or ocean:	Has taught at another university:	Exercises outdoors (walking, running, biking, etc.):
Has had a conversation about Generative AI recently:	Has skated outdoors (e.g., the Rideau Canal):	Has met someone famous:	Has experience teaching online:
Has a similar or related area of research:	Has taught at Carleton before:	Has traveled outside of Canada:	Reads (fiction or non-fiction) recreationally:

# Looking Forward

- **10:30-45: Break**
- **10:45-12:00: Conversations with Colleagues**
- **12:00-1:00: Lunch**
