

To: Jean and family, all of the Canadians who welcomed the Ugandan refugees with open hearts, and everyone who is recorded in this book.

I want to thank you Jean for all that you, George, Linda, Leslie and Gordon did for my sister Gladys and myself upon our arrival in Montreal in 1972. You all welcomed us into your family and we will never forget your kindness, support, friendship and generosity throughout those early years as we settled in our new home, Canada. You all are very special to us!

This registry is rightfully a historic document that is best left archived for the benefit of future generations to access. I am therefore very happy to donate this registry to the Carleton University Library, and am grateful to them for establishing the Ugandan Asian Archive.

It was a traumatic time for many of those listed here and many of us can recall the feeling of being displaced from our birthplace. We are very appreciative of the many Canadians who helped us make Canada our new home. Canada has always been a country whose brand exudes compassion and caring for those in need. Now, as Canadians, it is now our turn to pay it forward by helping and welcoming new immigrants, such as the current Syrian refugees.

Yours Sincerely

Val Carrasco
