

**CARLETON UNIVERSITY COMMITTEE ON
QUALITY ASSURANCE
Cyclical Review of the graduate programs
in Sustainable Energy
Executive Summary and Final Assessment Report**

This Executive Summary and Final Assessment Report of the cyclical review of Carleton's graduate programs in **Sustainable Energy** are provided pursuant to the provincial Quality Assurance Framework and Carleton's Institutional Quality Assurance Process (IQAP).

EXECUTIVE SUMMARY

The graduate programs in Sustainable Energy are jointly offered by the Faculty of Engineering and the Faculty of Public Affairs.

As a consequence of the review, the programs were categorised by the Carleton University Committee on Quality Assurance (CUCQA) as being of **GOOD QUALITY** (Carleton's IQAP 7.2.12).

The External Reviewers' report offered a very positive assessment of the programs. Within the context of this positive assessment, the report nonetheless made a number of recommendations for the continuing enhancement of the programs. These recommendations were productively addressed by the program lead of the graduate programs in Sustainable Energy, the Dean of the Faculty of Public Affairs, the Dean of the Faculty of Engineering, and the Dean of the Faculty of Graduate and Postdoctoral Affairs in a response to the External Reviewers' report that was submitted to CUCQA on March 13, 2019.

An Action Plan detailing how, when and by whom the recommendations will be implemented was received and approved by CUCQA on May 22, 2019.
